Forever Family (River's End Ranch Book 26)

Synopsis

After thirty-five years of peaceful marriage, Bobbi and Wilber Weston have come to a crossroads. They each want something different, and neither is willing to give in to the other. Bobbi loves her children and grandbabies more than sheâ™d ever imagined, and she doesnâ™t think asking for a change in the plans sheâ™d made with Wilber many years ago should be a difficult thing. Wilber has been waiting his entire life to get the monkey off his back so he can travel, but now his wife has other plans for their future. He doesnâ™t understand why they canâ™t continue with their goals as they were doing before the children married and procreated. Will the two of them be able to make a compromise that will please them both? Or will their marriage end up being just another ugly statistic?

Customer Reviews

Kirsten Osbourne always entertains with her stories, but FOREVER FAMILY #26 in River's End Ranch series touched my heart and brought tears to my eyes more than once (which does not happen easily). Bobbi and Wilbur Weston, the parents of all those Westons in this series, have been mentioned many times (sometimes not lovingly...LOL), and appeared in the last couple of stories.

This story is based on their history, and was so well told that I felt like I knew them for years. What happens after almost 35 years of marriage when the grandbabies come? Wilbur wants to stay on the road in their RV, and Bobbi wants to stay at the Ranch and cuddle the grandbabies. In many marriages we see people growing apart, and many couples separate at that point. The happier stories are those couples who stop and try to get back that spark that started their relationship in the beginning. A little courtship is good for the soul, and the marriage....even Jaclyn's fairies know this!! Don't miss this latest in the River's End Ranch series, as it is very heartwarming.

We've encountered the Weston parents long distance for most of the series, lately a bit closer as they headed home for the birth of their first grandchild (which turned into twins). In Forever Family we'll get a look at Bobbi and Wilber Weston in the present as they face an unexpected development in their long term travel plans. And we'll reminisce as Bobbi remembers how they met and the beginnings of all these lives they've created and touched. I could give you all the reasons that Bobbi is my least favorite Weston and why this story only proved that annoyance. But I won't. I'm simply going to leave this review as another well written tale by Kirsten Osbourne that added to the ongoing series. Simply because I could not connect with or even like these main characters doesn't take away from my enjoyment of this entire series. I'll just keep my eye out for the next story and wish Bobbi and Wilber well. I read this title through my Kindle Unlimited subscription.

Surviving is all she ever expecting to do in life as Bobbi thought she wouldn't ever have anything more. However the day she wandered into the ranch opened a door to a life she never dreamed was possible and the chance to be part of a family she thought was lost forever. The journey not always easy brings a happiness she didn't expect and the opportunity to forgive and be forgiven.

Usually contemporary romances end before or shortly after the wedding. It was so refreshing to read a happily-ever-after after 35 years together. This book made me laugh and cry and left me thinking, "This is how all marriages should be!" Kirsten Osbourne has a great ability to make the readers fall in love with the characters in her stories. I loved the visits with previous couples. This book is a stand alone, yet it answered so many little things we were left wondering about from other books! Grab it, read it and fall in love with the older Westons.

Part of a Series: bk26 Setting: Idaho RER Hero: Wilbur - The Father of the weston clan Heroine:

Bobbi- The Mother of the Weston clanplot/storyline:4.5* Getting ready for their 35th wedding Anni and reciting their vows. A conflict arises between the two...Bobbi wants to stay at the ranch with the grand-babies grow and Wilbur wants to travel, and occasionally visit the ranch.Ending-4.5*- A wonderful HEA. a bit of a tear jerker. All hail the Fairies!!Reading Enjoyment:5* I loved the back story of the Older Weston's . Kirsten did a great job of interweaving the past and present together.Overall rating:4.5 -(out of 5*)

Meeting Bobbie and Wilber as people instead of side characters was so nice. Funny they are made up but make you feel you know them and are included in their great family. Wishing there really was a ranch like this, but guessing you can find it within your own family. I love this book. Could not recommend it more

I love knowing the story behind the parents!! I almost slipped this one because I dealt south my own parents not getting along and the reason I read romance is for happy stories. I decided to go ahead and read it and am very happy I did!!

Oh how I want to move to this awesome community. The loving and caring relationship that everyone seems to share makes me wish the story could go on forever. Kirsten has another winner to add to her many. I can't wait for the next book
