The Cambridge Women's Pornography Cooperative asked women, young, old, rich, and poor, "What really, really gets you hot?" Armed with their findings, they worked day and night to create Porn for Women. Susan Anderson is a Los Angeles-based photographer who believes the future of porn shouldn't be in the hands of men alone.

I absolutely loved this book! I bought it for my girlfriend and put my face on all the pages. She loved this gift the most of all. It is a great way look at what women REALLY want and a fun way to surprise your lady. Everyone who feels like they don't know what women want should get this book. After looking through this, we laughed a lot together and enjoyed all of the pictures and sayings. This is the first step to your lady's happiness. Completely funny in an ironic way but also humorous and enjoyable.

What a novel idea! This is by far the best and most satirically hilarious conversation piece book to

ever have been put in production. I have never been so amused in my entire life. My best friend went through a bad break-up, I sent it to her at work, she said she was barely able to get it out of work without a fight!

I bought this as a gift for my girlfriend. Granted that she did not even read it and thought of it to be a joke/embarrassment at first, she finally opened it after a few months. She LOVED it and showed her family, mother, and friends. Unfortunately it has also raised her expectations of what a man should do. I'm not sure how I feel right now.

This book is amazing !

Literally purchased multiple if these as mothers day gifts. You'll get a smile and a laugh every time!!! Great looking men and heart melting comments from them lol

Gave this to my hairdresser and she put it in the lobby for everyone to enjoy. Always see someone reading it and laughing when I go in.

This was for a white elephant gift and the girl absolutely loved it. I wish I could have kept it for myself, it's hilarious.

Hilarious, but so true! All men should read it if they want to do well with women. ;)
