Five Stars--A Very Entertaining Read-- "While reading the first few pages of The Path of Least Resistance, I wasn't sure how Downing would continue Lauren's story and instead, she gives new perspective to an already well-rounded character. The storytelling in The Path of Least Resistance is unique in its ability to weave through genres like homeland security, romance, and the supernatural without batting an eye or losing any of the realism that's required to fully embrace the struggles these characters are going through. Downing has a special ability to immerse the reader in every scene and every character she writes. Her dialogue and writing style are so in sync that there's rarely a dull moment. The story does jump around at times which

can be a bit jarring, but Downing always makes sure each scene and character have purpose for the overall story. Very entertaining read!" -Kenneth Atchity, LiteraryManager, Producer, Author, The Story MerchantFive Stars--This is a Series I am Beyond Excited About--"Leah Downing has successfully followed up her debut novel with another fascinating story combining real-life successes and failures with suspicion and the paranormal. Her dialogue is honest and exciting and possesses a natural flow. I already loved the character of Lauren, but after reading The Path of Least Resistance, I have an entirely new and stronger respect for her." -Jen Thomason, Dandelions Inspired: Reading & Reviewing Amazing BooksFive Stars--AMAZING...ADDICTIVE...and not to be missed--"Be prepared to immediately pick up Catch a Falling Star to read again once you finish The Path of Least Resistance!" -Jesse Neidt, Intuitive Consultant, [jesseneidt.com/Five Stars](http://jesseneidt.com/FiveStars)--Outstanding Novel that Instantly Connects the Reader to Story--"Once again Leah Downing proves her talent for weaving a mystical story that hooks you from the first page, takes you on an engaging ride, and leaves the reader wanting more! Downing has fast become one of my favorite authors. I was so blown away by the ending that I read the last few chapters a second time." -Laura Kelly, Bestselling Author of Splintered ReflectionsFive Stars--The minute I finished reading The Path of Least Resistance, I was ready for Book Three--"I had the same 'problem' with this book as I did with the first--, I could NOT put it down! I stayed up all night the first night reading The Path of Least Resistance that I had to FORCE myself to go to bed halfway through! I hope Book Three comes out soon. In the meantime, I'm re-reading Book One: Catch a Falling Star." -Dr. Kristy Ingebo, MD

With no calculation or forethought, Collin made the next move. "I came over here because I wanted to tell you that I've been thinking. I'll go to counseling with you." Her reaction wasn't the joyous one he'd expected. "Why?" She sat up and faced him. "Why now? What made you change your mind?" "Ten, nine, eight, seven, six..." The shouting from the party overtook the music. "Um, Happy New Year, honey." His face dipped to hers. "Happy Anniversary," she countered. He kissed her full on the mouth. Book Two of the Shooting Stars Series answers the question everyone is dying to know. What happened to Collin? Bestselling author Leah Downing delivers.. and then some...in this highly-anticipated sequel to her debut novel, Catch a Falling Star. Praise for Catch a Falling Star: 2016 WINNER Beverly Hills International Book Awards Cross Genre Fiction "Amazing, genre-defying story..." -Dandelions Inspired: Reading & Reviewing Amazing Books! "Fun paced, mysterious, and sexy!" -5 Out of 5 Stars

I have been waiting to get my hands on this book ever since finishing the last page of Downing's Catch a Falling Star! Not surprisingly, Downing's second book, The Path of Least Resistance, did not disappoint. She produced yet another page turner that even as a busy, full time working mom, I just simply could not put down. So many of my questions from her first book were answered and now I can't wait to get my hands on the next one. It was very creative and captivating to go back in time to understand the true backstory of what we learned in CFS. It even further deepened my relationships with the characters and brought them into a whole new light. I love the twists and turns the author takes you through with the story " each chapter gets better and better! A definite must read.

There are certain accomplished authors that can paint a picture with their words. Words that are so carefully chosen that they make you feel that you are actually living the scene with the characters. Leah has this gift. Her newest book is engaging, entertaining and keeps you involved and absorbed right to the end.

I really enjoyed this book, it was suspenseful and highly descriptive giving me a sense of visualizing the action. I would recommend this book to anyone who likes love, action and mystery novels.

Great read! I couldn't put the book down and can't wait for more.

Downing's attention to detail surrounding the inner workings of the US military and government were phenomenal. I'm not familiar with that world but I clearly understood what was going on and I was fascinated by it! I can't wait for the third book to read what happens next!

The second book was much anticipated after the cliffhanger ending of Catch a Falling Star. Enjoyed the surprising and engaging turn of events in the sequel and I couldn't put it down. Very entertaining book series and can't wait for the third book.

Book two in this series is great! Can't wait for the 3rd installment!

I loved this book and am so excited to see where this series goes. Witty writing and an insider view into the security clearance world.
