Cute book. My daughter is learning these songs in her pre K class and was thrilled to be able to have to words to sing at home.

My kids love, love, love this book! They got it when they were 3 and still love it when they are 5 years old. There is a song for every letter in the alphabet with a given tune to sing it to. Lots of fun.

I originally used this book in my classroom for students with special needs. Each student I have ever used this book with has LOVED it! I recently purchased this book for my son and he loves it as well. A smaller version is available but it is of print and hard to find with the fun CD.

Great book and CD. Tunes are catchy and easy for my Pre- K students to memorize. The interactive book with pull tabs and touch and feel textures are a bonus. Children love the illustrations and the

letter pairs on each page. This is a great teaching tool to teach and reinforce letter recognition.

Awesome! Used this book years ago while teaching preschool and kindergarten and now my 2 year old wants to sing the songs everyday! The grandparents are planning on buying it for the rest of the grandkids at Christmas!

Absolutely darling sing a-long book and CD with familiar tunes and delightful verse for each letter of the alphabet. Bought the 1st book for my grandchildren 3 years ago - they laughed and learned the verses in no time. Now I get them for every new baby shower I attend. By the time children are old enough to learn simple songs, this is their favorite. Perfect for ages 2 years and up. Even the older kids will still sing along with the CD when we play it in the car or at gatherings. Delightful!

I bought this book and cd set at a scholastic book fair for my early preschool class and they love it. In fact, I love it too. I could listen to this folk music all day. The lyrics are really funny and the kids have really learned the lyrics so we can sing them between times we hear them. Also, I copied the cd to a cassette for the listening center so when they see the book during circle time, maybe those letters are starting to click with them!
