Modern Weaving: Learn To Weave With 25 Bright And Brilliant Loom Weaving Projects

Synopsis

Weaving is back! Create beautiful wall hangings and accessories on a loom, with clear charts and step-by-step instructions. Laura Strutt has designed 25 contemporary weavings in a range of stylish colorways, from bright neons to pastels, Navajo-inspired earth tones, monochrome, and neutrals, as well as suggesting alternate colors so you can match your makes to your home and your accessories to your mood. With a comprehensive techniques section that covers everything from how to make your own loom, warping (preparing) a loom, basics such as tabby weave, bubbling, Egyptian knots, Soumak weave, basket weave, and many more, you will develop the skills you need to make a wide range of exciting projects, such as a stunning gold and cream wall hanging with extra-long Rya knots, a pastel-colored hanging with ribbons and strips of lace to create a tactile texture, or a pretty phone cover with Aztec-inspired triangles – the only difficult part is choosing what to make first!

This is a great book for beginner weavers. There are 25 projects, most of which are various styles of wall hangings featuring different stitches and techniques as well as interesting ideas for adding texture, dimension, negative/open space and bling (like beads and lace). There are also a few other non-wall hangings like placemats, coasters and eyeglass cases and some projects where weavings are applied to other pieces - like tote bags and pillows. Beginner weavers looking for patterns and specific instructions will find it easy to follow the colored graphs and step-by-step instructions for each project and more advanced weavers will find inspiration in the wide array of styles and techniques.

Totally love this book. Techniques are taught first. Then the author gives directions to weave attractive wall hangings and other projects. Lots of color pictures match the directions. Great book.

A lot of nice projects, especially for those more new to weaving. Though I have a large loom that I bought primarily for bead tapestry, I can't wait to try this type of weaving!

Item arrived way above expected/quoted time frame in as new condition. The content was amazing with clear concise instructions and pictures as well as diagrams to aid in projects. All projects were colorful but not tacky, useful and/or decorative. I highly recommend this to any weavers looking to expand their library or to any beginning weaver looking to begin.

Gorgeous pictures. Very inspiring. I will definitely try some of the projects.

Great beginner book on frame loom weaving with a modern contemporary look. Great details on the techniques and how to develop and design one's own weaving.

I was an absolute beginner when I purchased this book. I have made four tapestry wall hangings and my loom is "warped up" for a fourth. Excellent, easy to follow instructions. Charts, and photos make everything so easy.

Lots of techniques and intriguing projects. Just what I was looking for to get started on some beautiful weaving a
