Sir Arthur Conan Doyle was born in Edinburgh in 1859. After nine years in Jesuit schools, he went to Edinburgh University, receiving a degree in medicine in 1881. He then became an eye specialist in Southsea, with a distressing lack of success. Hoping to augment his income, he wrote his first story, *A Study in Scarlet*. His detective, Sherlock Holmes, was modeled in part after Dr. Joseph Bell of the Edinburgh Infirmary, a man with spectacular powers of observation, analysis, and inference. Conan Doyle may have been influenced also by his admiration for the neat plots of Gaboriau and for Poe's detective, M. Dupin. After several rejections, the story was sold to a British publisher for £25, and thus was born the world's best-known and most-loved fictional detective. Fifty-nine more Sherlock Holmes adventures followed. Once, wearying of Holmes, his creator killed him off, but was forced by popular demand to resurrect him. Sir Arthur had been knighted for his defense of the British cause in his *The Great Boer War* and became an ardent Spiritualist after the death of his son Kingsley, who had been wounded at the Somme in World War I. Sir Arthur Conan Doyle died in Sussex in 1930.

My grandson loves this book!!

Ordered this book for my grandson. As described and shipping was fast. Would order from this seller again.

This book was for my nephew, Caleb. He loved it. Much like me he is a mystery buff.

first, allow me to say that i am quite enjoying these puffin classics editions of some of my favorite novels!this book is a great introduction to holmes, watson, and of course, that atmospheric london fog (which apparently doesn't really exist as we believe it does). the following stories are included in this collection:the adventure of the speckled bandthe adventure of the blue carbunclethe musgrave ritualthe reigate puzzlesilver blazethe adventure of the dancing menthe adventure of the six napoleonsthe missing three-quartera bonus here with the puffin classics is the addition of backstory included at the end of the book. here you can learn more about the author, the stories, the characters, and so much more. what a delightful thing to include!i have purchased most of these puffin classics editions, and will certainly look for future additions to add to my collection.

I bought this for my 12-year old granddaughter; it was good to see that a classic is still a classic.

My nephew is 12 and he enjoyed reading it

I bought this as a gift and am very pleased with the quality, especially for the reasonable price. I'm sure the child it's destined for will love it!

The Extraordinary Cases of Sherlock HolmesThis is a sampler with some of the famous short stories about Sherlock Holmes. They are taken from the first three collections of these stories. Some may have selected other stories. They were first written in the 1890s. Technology has advanced but human nature remains the same. The character of Sherlock Holmes was inspired by the famous medical professor in Edinburgh Scotland, Doctor Joseph Bell. Greed is the motive for most of these stories. I wonder how many were inspired by long forgotten true crime cases? The copyrights on these stories expired around 1970 so others are free to use these fictional characters, and they do. There are other books that contain a

selection of these short stories ,such as “Sherlock Holmes”
