Really helped my husband and I when we went fishing Central Oregon for 3 weeks.

It there is a body of water in Oregon with fish in it, its listed in this book. From salmon to largemouth bass, Fishing in Oregon will put you on 'em. My only complaint is with some of the directions to the locations. Unless you're fairly familiar with the area mentioned it can get a bit tricky. Though a good Oregon map pretty much makes up for any difficulty. If you live in Oregon and you fish, this book is a must.
