Metaphors Be With You: An A To Z Dictionary Of History's Greatest Metaphorical Quotations

Synopsis

"An idea is a feat of association, and the height of it is a good metaphor." — Robert Frost

For 3,000 years, great thinkers and writers have relied on the device of metaphor to articulate profound thoughts, give voice to powerful emotions, and creatively explain complex ideas. But metaphorical language is not the sole province of poets, philosophers, and playwrights. If you've ever tried to describe a broken heart, a thankless child, or a glorious triumph, you know how valuable and compelling the perfect metaphor can be. In *Metaphors Be With You*, respected quotation anthologist Dr. Mardy Grothe has created the definitive collection of history's greatest metaphorical quotations. While crafting his lists of "The Ten Best Things Ever Said" on 250 topics of deep human interest, Dr. Mardy examined more than five million metaphorical observations from literature, politics, philosophy, religion, history, pop culture, and more. Essential for writers, readers, and language aficionados, this remarkable sourcebook breaks new ground by using QR Codes to digitally integrate it with "Dr. Mardy's Dictionary of Metaphorical Quotations" (DMDMQ), the world's largest online database of metaphorical quotations. The elegant synergy between print and technology provides curious readers with detailed source information for all quotations, innumerable "Error Alerts," countless quotation backstories, and a wealth of other quotations to further their knowledge and deepen their understanding of favorite quotations. Whether you're crafting a speech, writing a novel, or simply searching for new ways to express yourself, this meticulously curated compendium is as delightful to read as it is invaluable to own and sure to inspire with the perfect metaphor every time.

Another great addition to the works of, surely, the world's foremost authority on quotations. And, it includes access to an incredible and unique online quotation resource. Entertaining, uplifting, stimulating. A book to return to indefinitely.

As a long-time fan of Dr. Mardy, *Metaphors Be With You* is his quintessential publication. It is organized by subject with 10 of the best quotes Mardy could find for each. That's 2,500 quotations which should provide a valuable trove of fodder for the most prolific writers. It is highly recommended for the student, author or just people who are interested in furthering their point of view. Herman

Amazing compendium! This has a place on my nightstand. A few moments a day with this book will elevate one's spirit and give food to the soul. I thoroughly enjoy the scope of this collection. Congratulation Dr. Mardy!

If you have a good reader or a good writer in your family--whether a young or older student--this collection will inspire creativity in their own writings. A perfect gift, too, for that hard-to-buy-for friend who simply LOVES words and takes great delight in using words and phrases in the 'art of expression'.

Creatively organized. Very easy to read a few pages at a time and find it thought fulfilling. Enjoying it very much and finding it a great addition to my reference shelf.

What a great gift for anyone who uses words (does that leave out anyone you know?). Dr. Mardy came by his knack honestly - he was a shrink! Plus he road-tested his ideas on my many clients, all of them CEO's (he's spoken to thousands). Happily, there are MORE books by him, all useful as

references for as long as you keep using words. Because my work involves a bunch o' words, I bought the Kindle version and plan to merrily cut-and-paste some of these well-researched lines, such as: "The most important thing in communication is to hear what isn't being said." •PETER F. DRUCKER

Dr Mardy Grothe accomplishes much in this collection of metaphorical quotes...It is a book of many choices narrowed to "ten bests" on many of life's main subjects such as love, loss, ambition, joy, wisdom, struggle, identity, vanity, aging, art, music, sex, animals, relationships, politics etc....It includes a QR map to much more and can be read alone or with others and may serve as great company, inspiration and comfort as needed...Enjoy!

So much fun to read and helpful for writing!
