She maybe known as a pro wrestler, but she pulls no punches. From growing up a tall, awkward girl, to free love, to her many creative jobs, to roller derby, GLOW, Hollywood and beyond, Dee not only describes her unique life in detail but explains where she was emotionally and what drove her choices. You will read the real story of GLOW not covered in the famous documentary. One caveat: if

I've been a huge fan of GLOW-the Gorgeous Ladies of Wrestling for years since it was on TV in the mid-80s. In this book, Deanna Booher, who played Matilda the Hun in the first two seasons, gives an honest account of her life and career. Her stories of her years in roller derby, GLOW and POWW were eye openers and had given me a new insight of what went behind the scenes. A beautiful and GLOWing story from start to finish! Well done!

I really enjoyed reading about the life of Deanna Booher. The book begins with her childhood and teen years and how she resented being the awkward tall "" girl. However, later in life, her size would become a major part of her career which included being a dominatrix, phone sex operator, wrestler, actress, and more. The book is about more than just her career. She also talks about her family life, becoming an unwed teen mom, and meeting Ken who was the love of her life. The book covers her entire life from 1948 up until 2012 and it is a very colorful and adventurous journey.

I grew up on G.L.O.W by chance one night when I was thirteen I ran across this wrestling that was unlike anything I had ever seen. Some chick with a chainsaw chasing female wrestlers around the ring. Naturally I was hooked and then Matilda The Hun my favorite on the show actually all of them stood out and was such good entertainment and beautiful everyone of them Matilda all of them and then I ran across this book and recognized instantly who I was looking at and this lil lady wrote a wonderful and very entertaining book. Ive wondered about these lady wrestlers over the years and when I say lady or chick I say that with the utmost respect and admiration because I guarantee you Matilda could probably knock Hogan on his ass even the smallest of them cause all of these ladies are tough. The author wrote a wonderful book not just on wrestling but on life her life and its really good and I wish nothing but the greatest of success for her. God bless you and thank you for writing such an awesome read!

an exceptional read, by an exceptional woman..."I EAT RAW MEAT, RRRROOAARRR""

I know Deanna as Queenie and my first exposure to her was as Matilda in GLOW. This book is a chronicle of possibly the most fascinating person I have ever read about.

Following Deana Booher mostly as Matilda the Hun and knowing of her exploits in private wrestling, Roller Derby and her acting, I was anxious to learn more about her personal life. I got to know more than I wished with her extensive life and lifestyles in the sex business. **TO BE WARNED:** This book is often very sexually explicit with foul language. This book reads more like a therapeutic journal and letters to past acquaintances. Often times she'll regale in loving and explicit detail her husband Ken and her exploits swinging, various fetishes and then curse those involved as perverts, rip off artists and con men so often taking advantage of them. A lot of hypocrisy. I was especially interested in knowing about her wrestling and roller Derby. Although my personal opinion of GLOW, POWW, etc is very negative setting professional women's wrestling back to the early carnival days. Thank goodness brave New indie promotions, many all women have corrected these abominations to the true exciting sport with entertainment these present athletes deserved with a resurgence of interest in Golden Age women's wrestling from the forties to the early 80's. Unfortunately so many remember GLOW et al as "legitimate" wrestling. My own opinion but shared by many others presently involved in promotions like Shimmer, Shine, Bellatrix, etc as well as numerous Facebook pages celebrating those very tough talented women wrestlers of the 40s to early 80's. The final chapters were the most enjoyable with her brief description of the GLOW reunion. She is a fascinating person and no doubt many will enjoy this risqué journey. For me it's definitely The End on this memoir and subjects.
