Today's Technician: Automatic Transmissions And Transaxles Classroom Manual And Shop Manual

Synopsis

Prepare for your future career and succeed on the ASE certification test with TODAY'S TECHNICIAN: AUTOMATIC TRANSMISSIONS AND TRANSAXLES, 6e. You'll find practical, easy-to-understand coverage of a wide range of must-know topics that adhere to 2013 NATEF AST/MAST program standards, including continuously variable transmissions (CVT), drivelines for front-wheel drive (FWD) and four-wheel drive (4WD) vehicles, as well as the latest information on today's high-tech electronic controls and automatic shifting devices. The book's technician-oriented focus helps you master the design, construction, troubleshooting techniques, and service procedures you'll need on the job. The Classroom Manual provides easy-to-understand coverage of every topic on the ASE certification test, while the Shop Manual includes job sheets that get you involved in performing hands-on service and repair tasks.

Product Dimensions: 9 x 1.4 x 10.8 inches

Shipping Weight: 4.3 pounds (View shipping rates and policies)

Average Customer Review: 2.6 out of 5 stars 5 customer reviews

Best Sellers Rank: #332,895 in Books (See Top 100 in Books) #79 in [Books > Engineering & Transportation > Automotive > Repair & Maintenance > Testing & Certification](#) #98 in [Books > Engineering & Transportation > Automotive > Trucks & Vans](#) #137 in [Books > Engineering & Transportation > Automotive > Repair & Maintenance > Engines & Transmissions](#)

Customer Reviews

"The author's writing is easy to read, with common verbiage that students understand. The concepts are mentioned in great depth and explained in great detail."

Jack Erjavec has become a fixture in the automotive textbook publishing world. He has decades of experience as a technician, educator, author, and editor, and has authored or co-authored more than 30 automotive textbooks and training manuals. Erjavec holds a master's degree in vocational

and technical education from Ohio State University, and he spent twenty years at Columbus State Community College as an instructor and administrator. A long-time affiliate of the North American Council of Automotive Teachers, he also served as executive vice-president for the organization and spent several years on its board of directors. Erjavec is also associated with ATMC, SAE, ASA, ATRA, AERA, and other automotive professional associations. Ken Pickerill is a Certified Master Automotive Technician (with ASE Area L1 and X1) and an instructor at Southern Illinois University in Carbondale. Mr. Pickerill was a technician for 22 years before entering the training field, and he has more than 36 years of technical and teaching experience. He received his M.S. degree in career and technical education from Indiana State University.

I only received the shop manual, I spent \$900+ dollars on the whole series of these books and for this particular book I only received the shop manual. This is ridiculous from now on I'm only ordering from Barnes and Noble at least I'll resolve the issue there.

Item not as described, only shop manual came when both class and shop are in description

I thought I was gonna get both shop and class manual and I only got the shop manual it says both but don't trust it

showed up a couple days late, but good for class

Brand new. 'Perfect condition.'
