## Customer Reviews

Red is a grown woman. She can take care of herself and her gran, Ruby. She has done it for years. Then the highwaymen come to town and everything changes. Suddenly, her business begins to go down but her mortgage is due. Then William appears. He is arrogant and bossy (all the things she can't stand) and, yet, she is drawn to him like a moth to a flame. A good story with bits of humor,

adventure, and plenty of heat. A wonderful reimagining of Little Red Riding Hood.

I thoroughly enjoyed this retelling of Red Riding Hood. Although I liked Cindy's story, I felt Alpha King had a lot more humor and definitely more steam. Red is an independent woman running a tavern with her grandmother, Ruby. Since her breakup with Charles, she's been living her life the way she wants and refuses to be owned or controlled by any man. When trouble comes to Farrington, it lands in Red's lap. She does her best to fight back, but it seems One Eye and his highwaymen have terrorized the entire town. Red does the one thing she swore she'd never do: go to a man, an Alpha King no less, for help. Tensions run high as the chemistry between the two could be cut with a knife. It's amazing! Will Red allow William in and accept him or will she push him away in a desperate attempt to maintain her need for independence. This is an absolute must-read! The characters are amazing and well defined. Joanna created a spellbinding world of fantasy in this spectacular and sexy retelling of Red Riding Hood!! received an advanced copy and voluntarily reviewed this book. It had absolutely no bearing on my five-star review.

After Cinderella time came for Red, her friend. She has a tavern that she runs with her grandma Ruby. She's fully independent and she doesn't do relationships. One day, some men appear and they want money for their protection. She declines. Some problems start to begin. She will look for help from Alpha King only Man that would be able to help her. And he is handsome. What will happen with tension that grew between them as she is a girl that doesn't do relationships? Will he manage to get her heart? I liked it, it would be 5s if Red wouldn't do that much involvement with that many men. I voluntarily reviewed an ARC.

This little book is packed with action as we're introduced to two more of the magical races that inhabit this world and all the tensions that exist between them. It's a very fast read with lots of fight scenes and plenty of steamy encounters. The chemistry between Red and William is off the charts. It doesn't matter if they're fighting or... not, the sparks are constantly flying between them. I adored Grandmother Ruby. the feisty senior citizen was one of my favorite parts of the story. It took me while to get past the macho jerk words that are the first things we hear William say and learn to like him. Red's overly independent nature drove me batty, especially when she kept putting herself in harms way simply because she refused to ask for or accept help. I love that Martha makes a return appearance in this book and she sort of gets to repeat her performance as a fairy godmother. I received a complimentary advanced copy of this book.

I love Joanna Mazurkiewicz's books. They are absolutely amazing. I love the way she takes childhood stories and turns them into something more. Cindy's story was amazing in every way and Red's story is no exception. This is beautifully written and I love the cover of the book. Red is an superb character. She is strong and proud. She is very determined and independent She will make you wish you could be her. LOL. William and Red have such hot chemistry and it is explosive. They will burn the "pages" of the book. LOL, I loved this book and didn't want to put it down until you reached the end. This is defiantly worth reading. I voluntarily review an advance reader copy of this book.

Amazing! I couldn't put this down, I love Red & William! We pick up after Cinderella's (Cindy) story, with her friend Pamela aka Red Riding Hood. Red runs the tavern with her Grandmother Ruby in the Kingdom of Farrington. Red is a proud business owner with a stubborn streak and a very strong need for her own independence. When the King and his new wife leave the Kingdom, new trouble is around the corner and new races are brought into the story. This book was HOT! Action, return of some cool characters, sexy men, magical and enchanting! Joanna does not disappoint! Looking forward to book 3! \*\*I read this as a Advance reader copy\*\*
