# ESV Bible - New Testament

## Synopsis

Setting itself apart from other translations by sacrificing neither accuracy nor readability, the ESV is an essentially literal translation that seeks to duplicate the original texts while taking into account the differences between modern English and the original languages. Relying on the work of more than fifty Bible scholars, the translation committee realized its goals of word-for-word precision and accuracy, literary excellence and readability, and depth of meaning. Written in language beautiful enough to be used for public reading, clear enough for preaching and devotions, and trustworthy enough for academic study, the ESV sets a new standard and is truly a Bible for all people.

## Book Information

MP3 CD

Publisher: Oasis Audio; Unabridged edition (November 1, 2007)

Language: English

ISBN-10: 1598593064

ISBN-13: 978-1598593068

Product Dimensions: 5.6 x 0.4 x 5 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 28 customer reviews

Best Sellers Rank: #293,293 in Books (See Top 100 in Books) #19 in Books > Books on CD > Religion & Spirituality > Bible #1955 in Books > Christian Books & Bibles > Bibles #4201 in Books > Christian Books & Bibles > Bible Study & Reference > Bible Study

## Customer Reviews

Translating the comments above for those of you that are like me and have trouble reading in between the lines:\*\*\*\*\*"His slow, thoughtful, and emotionally expressive narration makes you feel like you're ACTUALLY THERE, experiencing the story of Jesus."The narrator gives a new voice to every character we meet. He talks as if he is speaking in a play and enunciating to 200 people sitting in various parts of the theater.\*\*\*\*\*"I say without any reservation or exaggeration that this Dramatic Narration of the Complete ESV New Testament by MARQUIS LAUGHLIN is the best audio Bible ever."The narrator attempt to mimic emotions the characters might be feeling. Like Peter cowering in fear. A trembling (or a quivering) voice is common.\*\*\*\*\*"I felt his voice was very nice and he had a great tempo."Tempo...like in music. Yes the narrator uses this continuously. His voice goes up and down, up and down...\*\*\*\*\*I will say that I didn't read the reviews very well before purchasing this. I saw a cheap audio version of the New Testament and thought "That would be

good to get."If you are like me and easily distracted by the narrator adding every voice instrument known to man to his reading of the scripture, then this audio book isn't for you.I was simply looking for a nice, dry reading (no drama) for memorization when I'm in the car. Basically I'm using this as a tool to better quote scripture when I'm discussing topics or thinking about things.Some people might find this version worthwhile, so I'm not knocking it if drama is your style, but if you want a cut and dry reading of the New Testament, try another audio book.-AndrewPS I am comparing this against Sam Stinson's Librivox reading of the Bible (ASV). I was looking for an audio version of the ESV since that is what I read on a daily basis and I wanted my audio bible to match my reading bible.

Picked these up as gifts for my RCIA group. They appreciated the wonderful explanations before the readings it provides.

Listen nightly as I go to sleep and when I need to take a break in the day. Reading is not as good as I would have liked the accentuation on words kind of throw me off

nice

i absolutely love this version! this is great for anyone that has a hard time understanding the written word! try it out....you won't be disappointed. it has made me want to spend more time reading about the new testament!

A small but important detail for anyone planning to listen to these MP3s on an iOS device (iPhone, iPod, iPad). These MP3s are encoded low enough (64 kbps - 96 kbps is the minimum) that they are NOT compatible with iTunes Match. This is not an issue if you sync your device with your local iTunes, but a major one if you had planned to be able to download from iTunes Match or stream them from iCloud.Here is a trick to convert them into iTunes Match-compatible files: [...]

It was listed as a cd. But it's a book.

Got it for my mother in law and she loves it.
