D.D. Stacks has been involved with bosoms from an early age. She also loves to color. Billy Armstrong is an illustrator and video game designer with a degree from Art Center. Chad Powers III is a Swedish book illustrator.

I was hoping for more larger breasted subjects because I need to practice my shading in colored pencil, and doing just circles and spheres is really boring. But this is a fun coloring book nevertheless. And if you want to color sexy women as a diversion from your everyday life, this is definitely one of the adult coloring books you should get. print these pages out from the Kindle version!

my daughter and her friends liked this coloring book

Very fun ,definitely not the same coloring book that I grew up with ,lol

Great product! Nice art!

I had a derby gift exchange... So, naturally this was my first choice in a gift. It's what you want and more. Super fun and funny. Anyone that appreciates the mammery glands (and has a sense of humor) will appreciate this coloring book.

Less exciting than I hoped. I bought it for my boyfriend as a gag gift (but knowing I would actually color them cause I do the art stuff)It's okay. Just meh

I got this for a joke Christmas gift for the hubby...he thought it was so funny...he got the biggest kick out of showing what his wife got him for Christmas...he hasn't colored in it yet but he got a chuckle out of the book titles in the library...;)
