## Synopsis

How To Color Adult Coloring Books - Adult Coloring 101. Do you like cats? And want to learn simple color pencil techniques fast? - Then this book is for you :) "I'm just saving those for a special occasion". "They are too hard to color." "I don't know where to start!". Are your coloring books still sitting on the shelf? Have you had a creative block? It's when you open a coloring book, flip through black and white pages and just put the book back on the shelf. You don't have to be overwhelmed, frustrated, or feel like you have to do some hard work. Those are the very feelings we want to escape when picking up a coloring book in the first place. Coloring was supposed to be easy and fun, right..? Adult coloring books became so popular these days. Many of us has now bought enough coloring books to gather a mini collection which would last for a year of daily coloring. But here is the thing: most of us, grown-ups, have no idea how to color! "So how do I color?" - this is the number one question asked by people who pick up a coloring book. Adults want need examples, a step by step guide, or even a short crash course in coloring. That's just how adult brain works. Sometimes we have no more than half an hour to spare. When you don't know where to start, it becomes frustrating. When you have to put in a lot of thinking and effort into something that was supposed to be fun, this whole coloring thing becomes not that exciting anymore. This book provides easy to follow, step-by-step examples, and coloring basics. Get a walk through the coloring process with an artist. "How To Color Adult Coloring Books - Adult Coloring 101: Learn Easy Tips Today. How To Color For Adults, How To Color With Colored Pencils, Step By Step Color Pencil Examples Of Cat Coloring Pages"

## Customer Reviews

My first reaction to the title of this book was, "Really, I need a book on how to use my coloring books?" But, since it was a free kindle book that day, I thought I would give it a try. It is written by an artist. I have always been a bit envious of people with real artistic talent so I thought maybe I could learn something. I was not long into this book before I started to realize that I really had a lot to learn. The author suggest you make your own color chart. Brilliant! I should have thought to do that. She also has a list of techniques to try. The author includes a list of free coloring pages to start with. The more I read the more I learned. I recommend this book for anyone that wishes to color beautiful designs. There is so much more to coloring than I was aware of.

My husband and I enjoyed reading this book and learning more about coloring techniques. We are beginners so words like hatching and stippling were even new to us. A few additional explanations about these things would have been nice, but overall the book helped us. The people who said that the book was too basic must not have read the title--How to Color. It's for us newbies who don't have an art background. Thanks for the step-by-step guide and the free pictures so we have something to pattern our work after.

I have always loved to color, from the time I was able to pick up a crayon until now. Long before it became a trend, I have been coloring as a way to reduce stress. I would doodle with a black pen while I was on the phone (which is what I do for work at a call center) and then after I had a page full I would fill in with colored pencils. Now that "Adult Coloring Books" have become a trend, I have started finding more and more books available. I was a bit skeptical about being able to print from a kindle book, but there was a PDF file included that you can print from. You can choose to print one or two or the whole book multiple times. It is a book with low resolution images of coloring pages. Once you have the PDF, you can print the images and color away! I chose to print at home on regular copier paper and color one image at a time. It's great that

you can use the same design and color many different ways if you wish. I have made my daughter (she's 13) a binder with a bunch of printouts from this and several other books and a pencil pouch with coloring pencils so she can take it wherever she wants. In regards to the designs, there are many designs that vary significantly in detail and complexity. Again, I see this as a positive since if I have less time on my hands, I can do a simpler design or I can share it with nephew to color. But, if I have more time on my hands or I really want to escape and relax into some coloring meditation for a while, I can choose a more complex design. I REALLY like the idea of a PDF that can be downloaded and the flexibility it provides for lots of fun family coloring. I'll definitely be checking to see if there are any other books available by this artist in the future.\*\*\*\*\*If you found my review helpful please vote "YES" as this helps me become a better reviewer!\*\*\*My review, my opinion and experience is honest and 100% genuine. . I am in no way affiliated with the developer, manufacturer or distributor of this product.

I was disappointed - the author's style of coloring is not to my liking and there's only 5 pages to be colored.

I wanted a good tutorial book on coloring with pencils, and this looks like it will meet my expectations. Am anxious to start using it.

Nicely written, explanations are easy to understand and I learned a few things and I am an 'old dog'.

Details were very easy to understand. The step by step tutorial makes it so easy to follow along. Thanks this is the only book I found easy to understand. Again Thank you

Clear, concise instructions that gives the reader ample room for experiment! I liked her style of explanation. She is an artist who can communicate with ordinary common adults. Fast read.
