Customer Reviews

very good introductory book, with a lot of color illustration.

My son is enjoying his Forensic Science class very much and is learning a lot from this book.

Forensic science is new at my sons school so I was relieved to see a book that teaches this technical topic on a level high school age kids can understand!

Forensic Science: An introduction was everything I expected. Very interesting. My ninth grade son and I are learning some new things about criminal investigation that we never knew before!

Book was in great shape and exactly what I needed for my daughter's forensics class

Ordered for my daughter school book-great price

very nice

thank you

good for the price.
