This is a great book. The authors provided a well designed, simple to follow and engaging book. I highly recommend for any persons interesting in learning more or expanding their knowledge.

This book is easy to understand. I like that it has objectives for each chapter because this helps you to get the point for that chapter. The objectives for the chapters also makes a good study guide.

I was at first skeptical about the "loose leaf" versus a hard back text book. However once received it fit in a binder along with my course notes. Nice having just one item to carry.

Aside from the fact that this was a required reading text for class, the book is very informative and something anyone could benefit from.

International Edition. Look at lower right corner of picture.

Came in excellent shape

This was for my granddaughter studying law.
