I have no hesitation in recommending this delightful -- and much needed -- introduction to the faith for children preparing for First Confession and First Holy Communion. --Father D. Vincent Twomey, SVD

This is the most comprehensive book I've found for a 7 year old with solid Catholic teachings. Both the content and the illustrations are excellent. This is a perfect gift First Communion from a parent, grandparent or close family friend. In addition, there is a place to record information about the happy day!

I love this book. It explains our loving relationship with God, Salvation History, The Sacraments, The Mass and much more in just the right way for the child. I have six children. I found this book when I was preparing my 5th for his First Holy Communion. I wish I had found this book sooner so much so that I had all my kids read it for review. And I've gone on to buy this book for my God Son.

A good book, but I didn't expect there to be so many Bible stories in it that are not directly related to the sacrament of Communion. I like that there's a place in the back for the first Communicant to write his/her own prayer on First Communion day.

Great book! Well written and easy to read. It provides good information for someone who is going to make his/her First Holy Communion.

This is a nice book for accompaniment with the regular workbook for the CCD school year. My son enjoys reading it during the week leading up to class on Sunday.

perfect

Beautifully illustrated, a true keepsake. It will be treasured by those faithful children who are lucky enough to receive it.

My child really enjoyed reading the book. Children friendly context
