## Customer Reviews

'There are already several guidebooks to walking in Corsica, but this new one from Trailblazer looks to be the best' 'this excellent guide';-- The Sunday Times (UK) reviewing Trekking in Corsica as Book of the Week, 2 July 2002

This is a no nonsense description of this not so well known Trek (by Americans). There are other excellent Guide books on GR20 and David Abram's book stands tall with the rest. Plenty of photos, understandable maps, history of the Island, and more important the present day people and their culture. You will find up-to-date tips on travel ,food and places to stay in the towns. For anyone who is considering trekking on GR20 or even just visiting Corsica I would recommend this Guide book.
