# Waggish: Dogs Smiling For Dog Reasons

## Synopsis

To be "waggish" is to be playful and mischievous—the very definition of these adorable dogs and the things they (might) think about us. There's no mistaking a happy dog. The wagging tail, the eager eyes, the smile that's impossible to fake. A happy dog radiates pure joy. Yet the mystery remains: What's really going on behind those waggish grins? Are our dogs laughing with us? At us? Are they operating at a higher stage of enlightenment . . . or just buttering us up before we discover the tiny, torn remnants of burrito wrapper suspiciously dotting the hallway? In *Waggish*, the infinite expressions of happy dogs are captured in an amazing series of photographs by renowned animal photographer Grace Chon, whose images have made her the go-to pet photographer of Hollywood's top celebrities. As for what these dogs are really thinking, writer Melanie Monteiro expertly channels their innermost thoughts, pairing each photo with a caption such as, "If loving tennis balls is wrong, I don't want to be right" and "You know, we'll both get outside a lot quicker if you just forget the pants." *Waggish* is the perfect gift for every dog lover. 60 color photographs
