Synopsis

The perfect companion book to the New York Times bestselling I Am Number Four series!! Am Number Four: The Lost Files: Rebel Allies is a collection of three thrilling stories by Pittacus Lore. Originally published as the e-novellas The Fugitive, The Navigator, and The Guard, now, for the first time ever, they are together in one print volume. The Fugitive follows Mark James as he tries to track down Sarah Hart, evade the Mogadorians and the FBI, and discover the identity of the mysterious blogger he knows only as GUARD. The Navigator reveals the truth about the crew of the two Loric spaceships who escaped to Earth and shows what happened to the pilots after they arrived and parted ways with the Garde. The Guard tells the story of the hacker who has been aiding the Lorien survivors from the shadows for years. She's determined to defeat the Mogs—and she just found her secret weapon. You know the truth about the Mogadorians' invasion of Earth and the Garde who will do anything to defeat them—yet there is still so much to learn. The stories in Rebel Allies will help you get the answers you seek, but they will not help you stop the coming war. Only the Garde can save our planet. But they are not alone. . . .

Praise for the I AM NUMBER FOUR series: "Number Four is a hero for this generation." (Michael Bay, director of Transformers) "I Am Number Four is a breathless page-turner of a sci-fi novel...the battle for Earth is on and there's a new kid in

town! (com) "There's genuine suspense it's easy to get lost in the world of the sweet teen from another planet. (Chicago Tribune) "Terrifically propulsive. (ALA Booklist) "Action-packed. (Publishers Weekly) "Riveting. (The Horn Book)

You know the invasion has begun. You know we are all that stands in their way. You think we are alone. You will see we have hidden allies. They think they have won. They are wrong. They do not have our power. They do not know the truth. We have a secret weapon.

I seriously enjoy this series!! And for those that don't know, "The Lost Files" are short "side-stories", that are happening along the same time as the series of The Lorien books. The stories are from other people's perspectives, than those of the Garde in the series. Eventually, all these short stories tie-into the main story books, so it's pretty cool that the author has written these stories so that, me the reader, has a back story and feels like they already know some of these characters more when they show up in the story! Overall, Very excited for The Fate of Ten!!! Can't wait!!

I love these "in-between books" books. They are not central to the plot of the main books but they fill in a ton of questions. I wish more authors followed suit with novellas.

I am addicted to the Pitticus Lore series. My only problem with it is that the titles are so confusing. I have actually purchased the same books twice, not being able to figure out the reading order of the books. I have seen the movie made about Number Four's dangerous quest to seek his fellow Lorians and it also held up to my expectations.

I enjoy these novellas which add to the IANF universe. The different perspectives are developed well and each new addition just has me wanting more.

Great companion for the series. It gives more insight into the other storylines running parallel to the main I Am Number Four plot line.

Great backstory for Mark James and also the infamous GUARD from TWAU. I recommend all of the Lost Files for those who haven't read them.

Best of the Pitticus Lore series.

I love that I can order new books and always know that I am going to get them before they are sold out !
