Black Crow (The Raven Series Book 2)

Synopsis

I'VE LOST SO MUCH. FAMILY. MY HOME. PRIDE. MY IDENTITY. And I couldn't help but feel it's entirely my fault. There is no one else to blame. I've quickly learned that being the White Raven isn't easy. The dead are restless and angry, and I don't know the first thing about being a banshee. Those around me will get hurt. To keep them safe, I must endure painful decisions. Zane Hunter, the ultra-bad boy who stole my heart, is one of those difficult decisions. Our souls are synchronized, making us a compatible duo. Too bad I'm engaged to his brother. My forbidden relationship with Zane is complicated. Deep down I want more than what my duty demands of me, what my family's past has shaped for me. Our problematic relationship only increases in tenfold when a surprise I never saw coming shows up in Raven Hollow, changing the game. I thought I had nothing left to lose. I was wrong. Yeah, being a banshee isn't all that it's cracked up to be. If you love the romance of Twilight, the emotion of Mortal Instruments, and the soul of the Iron Fey, you'll fall in love with White Raven. The Complete Series

Book 1: White Raven
Book 2: Black Crow
Book 3: Soul Symmetry

Customer Reviews

This series is a definite first for me, I've never read a series where the female lead was a banshee and I'm hooked. In *Black Crow* Piper has to grow up really fast as she embraces what it means to be *The White Raven*. In a world that she doesn't understand and that feels foreign to her she has to rely on her instincts when it comes to making the difficult decisions. That includes choosing between love and obligation. Piper is snarky and challenging and in the midst of everything that is happening around her she finds herself. In short, I have really enjoyed getting to know this world of reapers. If not for some editing issues I would have given it five stars. Can't wait to read *Soul Symmetry*.

Like the first book, I wanted to like this book more than I did. The plot was great and I liked the tension between the characters, but, again, there were many editing issues that could have been fixed before it was published. These mistakes turn me away from a book, even if it was good. There is great world building and plot, but I would've liked to see the errors that were missed in book one to be addressed and fixed by the second one, but they weren't.

This second book in the series has really put the pedal to the metal as there is one shock after another, plot twist after twist. The main characters have all begun to develop some depth, and while there are no cliffhangers per se, there is plenty of fuel for the next book. The editing is tighter, though there are still a rough spot or two, but overall, improving by leaps and bounds. I am looking forward to the next installment.

I absolutely love this series. The only downside is having to wait for the next one to come out! I typically don't read a series until all the books are out but I read the first one without realizing it. This book is just as phenomenal as the first one. I am on pins and needles waiting on the second. I enjoy the complex characters and the struggles that they are facing. It isn't one of those series where I can guess what will happen in the very end by the end of the first book. It sucks you in and keeps your attention.

Well I guess they aren't birds but reappears but still. As turmoil surrounds our duo can they survive this crazy mess or will they lose it all.

This was packed full of aggravation, love, sadness, and confusion. Not to mention surprises as the beans have been spilled. #teamzane

Thank God there was no developed love triangle in this book. Much better than the first and I now look forward to reading Soul Symmetry

This is an easy read although sometimes very predictable. That said I am still looking to read the final book.
