BRILLIANT, THIS IS EXACTLY WHAT EVERY RETIREE NEEDS WHEN YOU ARE CONSIDERING THE RED STATE GEOGRAPHIC CHOICE TO RELOCATE AND LOVE THE WATER

lots of good information, tips and suggestions. Fun read on a cold snowy night planning for the future! I can't wait to use it in the boat!

Claiborne Young's cruising guides are based on FACTS and personal knowledge of the author. He provides what every cruiser should know before visiting a port or marina. Use all his guides in conjunction with other navigational aides and publications. New SC & GA guide due out May 2007 !!

enjoy looking through this book and seeing the coast in a different light very in depth and lots of information

Ahoy, I'm sure some of you are future Cruisers or just looking for sources of new or additional information. This is a Good book just take Claiborne with a Grain of Salt. I've met Claiborne a couple of times over the years (and spoke with him), he's a good writer but... His glasses are considerable thicker than mine as we don't see places the same. His definition of "Rustic" and mine of "DUMP" are the same. Some usable information, worth s price.

We have found the Cruising Guide of SC extremely helpful and accurate. We would have missed much without the great advice.
