# Naruto: The Seventh Hokage And The Scarlet Spring

## Synopsis

Naruto was a young shinobi with an incorrigible knack for mischief. Then he channeled that energy into learning amazing ninja techniques and saving the world! Now Naruto has achieved his dream to become the greatest ninja in the village and his face sits atop the Hokage monument. But new troubles are bubbling up in the shinobi world... With the world now safe and the ninja villages working together, Naruto's work as Hokage seems pretty mundane. Giving his son, Boruto, enough attention is the toughest task he has. But then Sasuke uncovers a conspiracy that may involve surviving members of the Uchiha clan. And at the same time, Sarada is begins to have doubts about the truth of her origins.

## Customer Reviews

Gr 6 Up-This stand-alone set in the "Naruto" universe focuses on an 11-year-old girl named Sarada who sets off on a quest to find more information about her father. She and her friend Cho-Cho go into the forest, where they find Lord Seventh (Naruto, the greatest ninja in the village). He rescues them from an attacker and then brings them to a tower where Sarada's father, Sasuke, has been staying. At times the plot moves quickly, with lots of action, fights, and magical ninja attacks. There are many clones and characters with ocular powers and a character who is kidnapped through teleportation. But sometimes, between the action scenes, the story slows down to focus on Sarada and the drama unfolding in her life. There are multiple flashbacks here, both Sarada thinking back to

her childhood and Naruto thinking back to his own youth as he tries to connect to her search for her real parents. The artwork is filled with energy, from the dramatic close-ups of characters' faces during emotional scenes to blurs of motion during the fight scenes. This book would be most appreciated by fans of the "Naruto" universe, because they will understand the background of the characters and will enjoy the flashbacks to the earlier books in the series. VERDICT For Naruto fans and completists.-Andrea Lipinski, New York Public Library (c) Copyright 2011. Library Journals LLC, a wholly owned subsidiary of Media Source, Inc. Author/artist Masashi Kishimoto was born in 1974 in rural Okayama Prefecture, Japan. Like many kids, he was first inspired to become a manga artist in elementary school when he read Dragon Ball. After spending time in art college, he won the Hop Step Award for new manga artists with his story Karakuri. After considering various genres for his next project, Kishimoto decided on a story steeped in traditional Japanese culture. His first version of Naruto, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in Weekly Shonen Jump in 1999, quickly became the most popular ninja manga in the world. The series would also spawn multiple anime series, movies, novels, video games and more. Having concluded the series in late 2014, Masashi Kishimoto has kept himself busy this year with the side story Naruto: The Seventh Hokage and the Scarlet Spring and writing the story for the latest Naruto movie, Boruto: Naruto the Movie, both of which will focus on the title character's son, Boruto.

I actually enjoyed this. I wasn't expecting much going in since I wasn't a huge fan of the Boruto movie, but it was much more interesting to focus on Sarada and Sasuke. I always wished the series put more focus on the female characters. Kishimoto does a really good job of creating really cool and interesting female characters, but he has a tendency to underutilize them, so I was especially happy to see both Sarada and Chocho on the cover. Chocho was more annoying than funny or helpful, which was a little disappointing, but Sarada made up for it. Overall, if you're a diehard Naruto fan, it's definitely worth reading. If you managed to finish all of Naruto, all 700 chapters, like I have, you should absolutely read this. Why not? You've already read 700 chapters! A couple more won't hurt. \*Spoilers Ahead\*I was dissatisfied with the conclusion since I felt it directly contradicted the message the entire thing was trying to send. Having a the huge dilemma of not knowing if her mother is really Sakura took a lot out of Sarada. At the end, it seemed like the moral of this story was "Sakura raised you; therefore, she's your 'real' mom, no matter what." To get the definitive answer of "Your birth mother is Sakura" actually drove home a different message. Since Sarada's

birth mother was Sakura the whole time, it seemed to say that "blood is thicker than water" despite the fact that the rest of the manga was devoted to saying that "blood isn't thicker than water." I feel that it would have made more sense and have been more powerful if Karin was Sarada's birth mother. It would add so much to Sakura's character to say that she raised Sarada knowing that they weren't related by blood and loving her more than her birth mother ever could. Also, how did Sasuke survive long enough to reproduce? That kid was begging for a Darwin Award with the idiotic mistakes he was making for the majority of the series.

Good story lines and good art drawings. Got this book cause I really love naruto I watched naruto when I was little and now to be honest that's the only anime show I watch and Manga I read just a fan of naruto and I know there's more good and awesome anime/Manga books out there and I'm glad Kishimoto Masashi made Naruto

Story focuses on Sasuke's daughter, but that certainly isn't a negative. Seeing Naruto struggle with his new responsibilities, Sasuke not brooding through the whole story, and Sakura's parental drama make this a great continuation for the fans of the series. The new characters are also very different and that makes them interesting. Looking forward to reading more about Boruto and Sarada, and all the new characters we will come to know.

good

Great book I completely love it.

Great continuation of the Naruto Saga. Self contained Story focuses on Sarada the daughter of Sasuke. Worth the read for any Naruto fan. Doesn't end on a cliff hanger but definitely leaves me wanting more!

Awesome, awesome, AWESOME! Excellent quality, just ... awesome. I am fangirling so hard, what will the generation of Boruto and Sarada bring?! I can't wait. Love it, I've read it several times EXCELLENT BIRTHDAY GIFT!

Boyfriend loves naruto and said this was a good read!
