Our Father

Synopsis

With clear, simple language and sweet illustrations, this board book explains the meaning of one of the best-loved Christian prayers, the Lord's Prayer. Brief explanatory text relates the words of the prayer to young children's everyday lives and teaches them how to talk to God like a father. Rounded corners, padded covers, and sturdy board book pages ensure that youngsters can enjoy this book over and over.

Sabrina Bus works in France as a writer of religious material for children.

I loved the idea of this book, however, the actual prayer in this book is not the same version that is recited each week in our church. I attend a traditional Catholic Church, and I purchased this book to use to teach my almost 4 year old. I will still use this book, however, I will have to modify it to match

what I need him to learn to recite at church.

Feel terrible giving this book one star, but it does not contain the traditional words to the prayer. I prefer the traditional version and would not have made this purchase otherwise.

The Lord's Prayer itself is accurate enough in the book and the illustrations are nice. However this book misses the mark on several pages in trying to translate the Lord's Prayer to kids. It's easy enough for kids to understand, but it's not a biblically accurate translation of the Lord's prayer according to the Bible. I only saw the first page of the book through the book preview, and page 1 is great! Many other pages just really are not accurate in portraying God's true character.

Item exactly as described. Looking forward to reading this to my little one. Since it's a board book, I don't have to worry about him tearing it! Great addition to our little one's library!

I bought this for a baptism present. It was a wonderful book. It takes each portion of the prayer and puts it into words a little one can understand. Although you can use it with younger kids to begin teaching them the Our Father, they will really start to understand it probably around age four. Cute pictures and great quality on the board book help give this two thumbs up for me and earn a spot on my baptism gift list.

Pretty pictures. Not a good teaching tool. The words are not the traditional Lord's Prayer

My kids loves this book. Bright pictures. Perfect companion is Hail Mary.

I would rather have a book that uses the "old" language for the Lord's prayer. We memorize and recite it with all the "King James" language, and that's what I'd like my kids to learn.
