Jim Morrison (1943–1971) was a singer, songwriter, and poet, and is best known as the lead singer of the Doors.

wow. A little peek into the mind of Jim Morrison. I have had this near my bed all year and pick it up from time to time and always find I can read the same poems over and over but find a new perspective each time. If you're a Doors fan or you're curious about the more in depth personal side of Jim Morrison, this is a good purchase.

Was there ever a musician with more personal demons or such deep thoughts about this life because Jim Morrison is that and more. This book lets you into his mind and if you are like me you love the doors and have read other bios on jim, but to read his words that he never recorded...well that is the cherry on top.

I'm so glad I ordered this book, I LOVE Jim Morrison, such a great poet, I can EASILY get lost in the pages. I love that his actual handwriting is copied in the book along with his almost rare and unseen photos..I plan on ordering volumes 2 and 3 as well with any other books about him, poetry or whatever. Jim. Morrison was a poet at heart..also without Jim, there would be no " DOORS".He was a great soul who left this world entirely too soon. BUT, I can't help but wonder if he's still alive, somewhere living a simple quiet life without all the fame pain..But anyways, an EXCELLENT read.

This is a great book published after his death. I believe his girl Pam Courson's family had it done after her death. I loved it.

People are strange, but this is awesome.

He was such an icon in my day, Gee what would he be doing today?? I have a feeling he would be a great director not music, but a movie director..

The depth of Jim Morrison

My daughter loved it, she is a big Morrison fan
