# Gamer Girl Caught In The Game: An Erotic LitRPG Adventure

## Synopsis

Carly is off to slay the Dark Lord that trapped her in the game. All the warrior-mage Carly wants to do is kill orcs, goblins, and kobolds, trash dungeons, and celebrate her victories with her Guild mates. It is going great. She is a rising star in her warrior's guild, kicking butt and taking names. But in that PvP game, a player's fortunes can turn on a dime. Carly is leading the charge into the dark tower, earning experience points, leveling up, and scoring loot. She's about to take down Dark Lord Artimus, when the evil wizard strikes her down instead. Only he doesn't just kill her, sending her avatar back to respawn in town. That isn't cruel enough for the wizard. He kills her character permanently, and traps her in a humiliatingly lowly character. And then he takes away her ability to log out of the game. Now Carly's in a race against time to find and defeat Artimus. Her only goal is to force the wizard to reverse his curse before the authorities disconnect her body from the game, trapping her inside forever. But along the way, she encounters men and creatures who have other ideas about what she should do, and who she should do. This LitRPG book is adult themed, both bloody and sexy. Prudes and the squeamish should avoid lest your hold on sanity be shaken. About the Author: Cat Wilder has been writing SF and Fantasy under another pen name for years. For all of those years she wanted to really let it rip and tell some truly wild and wicked stories. The e-book revolution has given her the opportunity to tell her sexy stories. Cat is married with way too many furbabies.

## Customer Reviews

Carly is dangerous up and comer in her guild until she crosses swords with evil magic-user.

Suddenly, she finds herself stripped of rank and abilities! But she's not going to give up! Carly is going to use every tool at her disposal to get back on top! If you're at all prudish or squeamish this is not the book for you. It's like an extra bloody and extra sexy episode of Game of Thrones on crack! The writer has a gift for vivid description, which really pulls you in. I was expecting "just a sex story" but was pleasantly surprised. This is a great afternoon read. My only complaint was that I wanted more!!!!

A tongue and cheek adventure that delivers what it promises, fun and sex appeal. You have to read it in one sitting for the full impact, staying immersed in Cat Wilder's fantasy world. I must say the book's cover is striking, who was the artist? I can only hope we will see some more of these type of role-play fantasy worlds in this genre.

You'll love this book. It's non-stop action and all kinds of sexy situations. I was surprised at times and pleased throughout.

Carly plays the best full immersion fantasy VR game around. It lets players do anything, including have sex. Unfortunately, when her guild conquers the castle of a dark wizard, he curses her with some strange magic that not only deletes the avatar she's using but traps her in a new low level one and prevents her from logging out of the game. Now she has to try to figure out how to escape before the doctors unplug her body from the game, potentially killing her.---This story takes the Trapped in the Game trope and mixes it with action and lots of graphic sex.As Carly, the main character (MC), figures out her situation, fights, explores the world, and figures out how to get the wizard that trapped her, she also has lots of sex with lots of fantasy creatures. The main character's new class, Wench of Easy Virtue, also contributes to her enhanced sex drive. In total, the novel has 18% of story text full off graphic sex scenes.However, the story also

has detailed game mechanics and that it consistently uses that makes it LitRPG. Because of all the sex the MC has a sex skill of like 20. But also has sword fighter and forager skills from using them. There's an inventory system, levels, health, mana, and stamina. For me, the sex is a distraction from a pretty good LitRPG story. Except the ending. The ending sucks and is not satisfying. No pun intended. It's that ending that knocks it down from a 7. Score: 6 out of 10.
