Colonial America: An Interactive History Adventure (You Choose: Historical Eras)

Synopsis

Europeans came to the American colonies in the 1600s and 1700s in search of a better life. They worked hard and built farms, homes, and towns. But they were still under Great Britain's rule. Many wanted to make their own laws, but that meant going to war against a rich and powerful country. Will you: Travel to Virginia as an indentured servant? Choose between careers as a sailor or a soldier in Massachusetts? Decide which side you'll take as the country marches closer to revolution?

Book Information

Customer Reviews

Allison Lassieur has written more than 100 books on many topics, including history, biography, science, and current events. She has also written fiction novels and short stories, puzzles, and activities. When she isn't busy writing, Allison enjoys knitting, spinning, and reading good novels. Allison lives in Trenton, Tennessee with her husband, daughter, and a houseful of pets.

We bought it for our son because I loved reading these kind of books when I was young. I forgot how true to history and somewhat violent they could be. Probably look through some of the endings before you give them to a younger child and make sure they are appropriate for them. In a lot of the

adventures you can end up getting killed off in very unpleasant ways. In one story ending you are trampled to death, not a fan of my sensitive young reader.

This book is the bees knees, the cats pajamas, its a MUST for every teacher homeschooled or public, use this as a tool, its fun, the students wont forget it.

My students love reading about historical events and this was a fun one to add to my library. The students have the chance to make their own story!

very juvenile I would say 8-9 tops.

Two grandsons are reading this fun choose your own adventure book. History came alive for grade 4,5 boys.

After purchasing this book, I am now dedicated to this series. this book is fun, education, easy to read, good pictures, easy to understand. This is how we will keep brains in shape over the summer. I can't wait to get the rest.

My kids love the create your own story books. This is great as it ads the element of history into it. I'm hoping to get these into my local library.

Great book for our 9 year old, he loves choosing his own path and exploring all the different options.
