Customer Reviews

I read lots of reviews for touch and feel books before I purchased any. Of all the ones I bought, I am most pleased with this one. The size of the textured patches where my 7 month old can touch/feel is excellent. The size of the book itself is perfect, too. Most of all, the variety of textures in this book is what makes it stand out from the others. Unlike so many other touch and feel books, this one has more than just "soft fur." It has sticky frog toes, bumpy lizard skin, and a smooth dolphin skin! I am very happy with this purchase!

Kids loved feeling the different textures of each animal. Book really got their attention.

This is one of the best touch and feel books I've ever purchased. It's unique. Lion mane, dolphin skin, sticky pads for frog toes... it's just great! Introduces new, unique animals and textures.

Our 10 month old loves this book! It has a good variety of textures, and holds up well to chewing.

Purchased for my daughter 1st birthday I can't wait to give it to her. My five year old loved this book when she was little. And I'm so happy with the price, since everywhere sells it for much more. The pictures are beautiful and the touch aspect is high quality done very impressed.

My son loves this book. The animals aren't normal touch and feel animals so it's unlikely a child has seen these before. One is a tree frog with sticky toe pads and it's so neat! I will be buying again as a gift.

My little boy loves this book. So much so I think I might have to buy another one so one can live at grandma's and one can live at our house. Would recommend to anyone with toddlers.

My grandson (8 months) loves this book. He quickly learned where the "touch" spots are and loves feeling the different textures on each page.
