Do we as parents, grandparents, or guardians reinforce and give our little ones daily affirmation? Princess Nevaeh, Lessons on Self-Discovery covers topics that are important not only to parents but also to our little girls. Find out how Mimi shares with her granddaughter the things that matter most. Some of the topics discussed in this book are: Teaching behavioral skills: fighting, bullying, listening, and obeying. I love the concept of this age-appropriate children's book, and I especially love the multicultural

characters. Most mothers, if you're like me, think their daughters (if they have them) are little princesses, but even the prettiest princesses need to be taught lessons of virtue. Mothers are the "Mimis" of the world, and these lessons on self-discovery, while pointed out by sweet Mimi, are necessary guiding tools for a children's book for ages 4-8. These morals and rules should be instilled and set during these critical formative years, because the difference between right and wrong is not clear at this age. The naysayers who feel this book is "counterintuitive" clearly forget this children's book is for YOUNG children. When bad names are crossed out and good lessons have impact in Princess Neveah, they are powerful reinforcements of positive LEARNED behaviors. None of the ideal behaviors in children are INNATE, and children look to their Mimis, Mamas, Grandmas, Nanas, Mothers, Grandmothers and other role models in their lives to help them find the right path. Children are shaped by environment--a fact documented in a plethora of research on child psychology, so our duty as parents is to provide a positive, instructive environment. The principles outlined in this beautifully illustrated book are ones I've worked to teach my daughter from a very young age and continue to do so on a daily basis; bullying, bad manners, and other ill behaviors do not make for good princesses. My goal is to raise my daughter to be a gentle queen and a child of the light, and Princess Neveah supports my spiritual beliefs and the morals I instill in my little girl. If more of our princesses are raised with the virtues outlined in Princess Neveah, the world would certainly be a better place.*****IVY'S REVIEW (AGE 8) My favorite part about the story is when her Mimi tells her [Princess Neveah] to look in her heart. She has pretty hair and clothes. The worst part was when she said she got in trouble in school sometimes. Princess Neveah can always be nice to everyone and she is nice to everyone. She is good. I like the part when she says "I am always nice to my friends." Princess Neveah is very nice and helpful, and she loves her Mimi.

Good message but the art is a little shotty...wouldn't have paid \$9 but worth \$3.

Loved the book!

I loved the book.

I was so excited to get this book to read with my girls. They are 6 and 11. Both girls love to read and have both been victim to bullying. We read the book together and they really enjoyed it. My oldest liked the bright colors and has since read it with her sister again. My youngest really loved the colors and the story line was perfect. As a parent this was a good read because I loved that it is not just a

pointless story line but one that they can learn from. It encourages obedience and respect which is very important to our family. I love that the grandmother explains that it is not how you look and what you have or the crown that makes you a princess but rather how you behave that makes you a princess and sets you apart from others. Overall this is a very sweet book with a life lesson that any child would benefit from but specifically little girl or princess would love. I really like the bright pretty pink and colorful pages. The book reads well on a kindle, computer or laptop. I would say the best age range for the book is ages 2 to 7. While older children can certainly learn from it the littles will enjoy it most. I will recommend this to my teacher friends for their classes. It is very cute and what a great price too!

"I really liked this book - please can you send me more Princess books! I loved the pictures and illustrations. I liked the story - it was amazing! I liked learning about how to be a princess and I am going to tell my friends at school how to be a princess. The story taught me about how to be kind - be helpful and say nice things and nice words. This is better than saying ugly or smelly words! Yes indeed! I think after reading this that a princess should fold her clothes and hang them the right way. I like doing a book review because it is fun. If you come to Scotland or I go to your country, I will share my princess book with you anytime!" Malika Afif-Watt Malika and I enjoyed reading this book together and it makes a refreshing change to find a princess book about emotions and behaviour instead of image. (Although we love the books Princess and the Pigsty and The Worst Princess which also promote the idea of non-conformity!) This book asks us to "Look inside your heart!" and focusses on positive behaviour. Mimi, Princess Naevah's grandmother, tells us that Princesses "never hit, kick or bite." My youngest daughter Ameenah bit Malika on the arm tonight so I think I will have to read it again! Anyway an enjoyable read with a positive message - Thanks! Emma
