The Ultimate Guide To Sexual Fantasy: How To Have Incredible Sex With Role Play, Sex Games, Erotic Massage, BDSM And More (Ultimate Guides)

Synopsis

Join the legions of couples and singles who are making their hottest sexual fantasies come true. Whether you're looking for an endless supply of fantasy ideas or expert advice for a playful, imaginative sex life that turns you both on, this information-packed book has everything you need to know. The Ultimate Guide to Sexual Fantasy helps readers learn their lover's secret fantasies; engage in hot, dramatic role-play without feeling silly; have a threesome - without jealousy; explore sex parties and swinging; have sex in public; create thrilling S&M scenarios; make their own porn and erotic photos; and strip, give lap dances, and talk dirty. Also included are comprehensive lists of the most popular fantasies and fetishes complete with suggestions for props, toys, and costumes (and where to buy them), racy sex games for lovers, expert help for deciding just how far to take your fantasies, and hot new stories by best-selling erotica author Alison Tyler. Learn your lover's secret fantasies Role-play: hot, dramatic sex without feeling silly Comprehensive lists of the most popular fantasies and fetishes-complete with suggestions for props, toys, and costumes (and where to buy them) Expert help for deciding just how far to take your fantasies

Best Sellers Rank: #42 in Books > Religion & Spirituality > New Age & Spirituality > Sacred Sexuality #45 in Books > Audible Audiobooks > Health, Mind & Body > Sexuality #374 in Books > Gay & Lesbian > Nonfiction > LGBT Studies

Customer Reviews

There's a wealth of really good information and ideas in this book. However two things that I found a little off-putting; it feels very couple-centric and hetero centric. For example, there's a section on threesomes, and the presumption is that a male-female couple is looking for another female or male to join them, then how to make that happen. What if you want to have a threesome and you are single? Or are paired with a partner of the same gender. The second thing I noticed is, even though

it was updated in 2014, it felt a bit dated. I loved the short sexy stories included by Alison Tyler. The section on Fetishes introduced me to some I'd never heard of, I appreciated the ideas for public sex (as well as the warnings on how not to get caught and go to jail), and found the BDSM section gave a thorough overview. Overall, recommended for any couple looking to spice up their sex life, and for singles who aren't triggered by couples' privilege assumptions.

We are getting into role-play and have downloaded many articles of value and recommendations. This book topped all the articles and was so easy to read, follow and integrate into our roleplay. For the beginner, this is an informative first read that will certainly add spice to your after hours activities. For those married awhile, try these scenarios to add spice and perk up your love life. O.K., do I win a cruise vacation now? All kidding aside . . . buy it, you'll like what it does for your dulled down libido.

I haven't finished it, in fact I am waiting on "just that right moment," to share with someone I love. But what I have read is very interesting, not boring in the least, and imaginative beyond your normal run of the mill fantasy.

Well-written, factual, down to earth. Just what I wanted to learn.

Lots of interesting information in this book.

not what we wanted

Violet Blue does a stellar job of rounding up an all-about book in her new title *The Ultimate Guide to Sexual Fantasy*. She draws on all her experience with sex and gives us a book complete, covering everything you might need to know about fantasy. Her book is inspiring and informative. If you ever wondered how to share your fantasy, explore more options, or learn what that is exactly called...check out this guide. I am sure she has the answer for you. I found this book to be very well written without sounding preachy, or alienating the reader. She really covers all the bases and goes into detail about each type or genre of fantasy. Her book could be read by a man, or woman with any sexual orientation and still be well taken. Violet does a wonderful job of writing for everyone. I am almost sorry that I felt that way about her writing, maybe I was in a bad place in my cycle or something. This book includes everything I could think and a lot of stuff I didn't imagine. I was blown

away by all the ideas in this book. You can bet I found some new ideas for me and my lover to try out. Oh wait! I didn't even mention that Alison Tyler, the queen of kink, lends Violet a few stories for this collection. They appear at the end of the chapter, much like in *Never Say Never*. Not every chapter, mind you. The stories go with the theme of the chapter and are, of course, very well written and inspiring. This book includes a breakdown of kinds of fantasies and there are resources in the back for helping you explore more on the web, get some props to make it happen, or read more about it. I highly recommend this book. Fantasies are a safe way to really enjoy sexuality. You don't have to live out every fantasy to get the most out of them. Sharing fantasies have been the one single thing I will never regret in my relationship. I am thrilled this book may help others to share theirs, or at least explore more about them.

Review: We all crave adventure in the bedroom. Especially us married types who crave a little something extra to spice up the soup. Well, so to speak. *The Ultimate Guide to Sexual Fantasy* is a recipe book for making a staid evening of formula sex into one that will knock your knickers off in no time flat. Ideas abound on how to share your fantasy for role play or just how far to go. It is real world instruction for the vanilla world who maybe wants to try and work on a flavor boost. I loved it. Great source of information by a woman who tells it like it is. Violet Blue is a rock star whether she is editing an anthology or writing instructional non fiction like this book. So is Alison Tyler. I have the privilege to know her as an editor and a co-author and she can curl your toes in no time flat. So...take it from me and get a copy of this book for your naughty recipe library. You will thank me in the morning.
