great

Awesome! Love it! I am still learning how to cook in it, but I really like it. Suggest you buy a cook book for air fryers so you have more options. This one isn't real big so it doesn't take up that much room on counter. Some are quite big. Would like to have some accessories, so I know have to find them to order. Make my piece of toast in it every morning. Quick and easy! This is really worth reading!

A perfect comprehensive book which is well written and also have too many delicious recipes for 365 days you can make each recipe for a day. The book is well written and easy to understand i get this book from my friend to get some delicious recipes and i am happy to get these thanks.

Interesting! The recipes are well set out and easy to follow. This is a complete book of air fry. I found it easy to follow and results are great. In this book we will get delicious, easy to make recipes which can help us with our cooking. Thanks Mercedes!

While good variety, this is absolutely NOT a Paleo recipe book. Things like white bread (gluten free or not) and soy certainly is not part a paleo lifestyle.
