The Maranatha! Music books have been out of print for some time, and are hard to find at a reasonable price. I purchased this for my sister, who plays piano at her church every Sunday. She wore her old one out, and was looking for a replacement. She loves the hymns and was very excited to receive one in such good condition. The spiral binders tend to lose pages with extended

use over time. I received this book quickly and in the good condition I expected.

So happy to have found this music book. It contains some wonderful praise songs! Thank you to the seller and to you for making it available!

We recently purchased a keyboard for our children who are taking lessons, and I've been wanting to play but have no music. I'm used to playing from one that my mother has, which is another edition with a red cover, but had a hard time finding it. This is very similar, and I'm having a great time playing from it. It came in a timely manner and is in very good condition! Thanks!

I received this book of worship music promptly and it is so gratifying to play through the hymns and worship songs one after the other, it makes my heart sing, and I'll be bringing a lot of these to the various groups I play worship for right now, thank you!!

255 songs - including some liturgy and hymns, along with the praise songs. Exactly what I was looking for! Thank you!

Great arrangements of old hymns with beautiful chords as well as many more modern worship songs. I love this book and have played from it for 12 years but never had my own. Was delighted to find one in near new condition for a great price.

product as expected (good)

Easy and beautiful. To simply enjoy a wonderfully worship to the Lord. I was glad to acquire this article. All are wonderful songs and very easy to play.
