I've been homeschooling my 2 kids for the last 9 years and each and every year, I buy a Vocab Workshop book. We started when the kids were in elementary school and now my oldest graduated with a very extensive Vocabulary and my youngest (who is starting 10th grade) will be using yet another Vocab Workshop book, but this time Level D. Every week we start a new unit, and each day he only does 1 small lesson in that unit. Most Units have 5 days worth so if followed perfectly the child starts on Monday and finishes the unit on Friday, which is perfect for us.

As a test prep tutor who specializes in exams which test vocabulary knowledge - the SAT, SSAT, ISEE, SHSAT and others - I am always on the lookout for helpful vocabulary-building tools. This series, while not particularly exciting, is excellent; I use the full set. Students in lower grades can start from the lower levels and work their way up. Each word list is accompanied by a good variety of review and reinforcement drills: sentence completions, mix-n-match, passage readings, etc. Since this series is often used in schools, my luckier students get their test prep and school vocabulary homework done simultaneously!

The books seems as if it would be a good product, but I am missing pages. Who tears out pages from the book and then sell it? What's with that? I don't even have Unit 1. I kept trying to figure out why unit one was one page.

I love the program that this book offers however it is difficult to get a teachers manual. I like this program because it covers vocabulary in 4+ ways: definition, antonym/synonyms, in story context and sentences. Plus the online activities are great to reinforces the meanings.

This really helped my son for the SAT. He said he had a teacher back in middle school that used it and it really made a difference.

Good book. My daughter is using this for 8th grade.

Book was not as described. It was in very poor and very used condition. Torn cover and heaving writing on.

This vocabulary series helps thoroughly prepare students for the SAT. I have used several levels with various classes, and I have found them all to be highly satisfactory.
