Lucy Cavendish created Witchcraft magazine in 1992, the first magazine of its kind in the world. She is a feature writer for Spellcraft Magazine, Spheres, and has appeared in anthologies like Disinformation and Pop Goes The Witch! She appears regularly on mainstream and alternative television and radio, explaining the Craft and demonstrating magicks and the power of intuition. She is a founding member of the Goddess Association in Australia. Lucy Cavendish lives in Sydney, Australia, with her pixie-like daughter, and their menagerie of plants, animal companions, spirit beings and beloved elementals. Blue Angel is a boutique independent publishing house with a strong following of fans around the globe. Founded as a specialist bookstore and art gallery in 1997, in 2001 Blue Angel evolved into a publishing company with its first oracle decks, books, and CDs.

I bought these on a whim, and they're one of my favorite decks. I use them regularly alongside Cavendish's *The Oracle Tarot: Your Magical Guide to a Better Future*. I'm extremely pleased with this deck. I enjoy these more than my power animal guide deck by a different artist. I can't directly attribute this to the divination tools because Spirit and energy plays a huge role, too. I compliment the divination tools with my own ceremony that I created in order to help me open up to input from beyond the veil. When I do my spreads, I do a ceremony of my own design. First, I thoroughly clean my home and body in order I prepare myself and my apartment to become a sacred space. I do this by smudging my apartment with Palo Santo wood and White Sage. I seal the doors & windows of my home with sea salt, sealing out negativity. After, I invite Spirit into my home by burning Sweet Grass, Frankincense, and Myrrh. I also power up my White Selenite and Himalyan Salt lamps. Furthermore, I light appropriate Reiki candles and burn incense sticks. I even include playing on low volume high vibrational music, such as Tibetan chant, crystal bowl, or Julian Forest. Once the vibe and frequency are firmly in place, I then verbalize to Spirit what I am about to do and ask for divine guidance. I even tell Spirit how many times I will shuffle the deck before choosing the card off the top of the deck. I shuffle with purpose and concentrate on the question or topic at hand. I hope this helps you as much as it has helped me!

Beautiful imagery that I just can't get enough of. This deck is stunning and I couldn't be happier with it. It is my new favorite oracle deck, hands down. The artwork/imagery is so lovely that I find myself staring and studying them closely in total appreciation of their beauty. With that said, this deck does contain some cards that have a different art style than the others. Some/most have the absolutely gorgeous digital style art while some (less than than the digital imagery) have a painted artwork style. For me this isn't a big issue but for some it may be slightly distracting to the flow in readings. I did my "homework" on this deck before purchasing (watched video reviews/unboxings) but did not think the differing artwork would hinder the beauty or readability. I'm SO glad I went with my gut and made this wonderful deck mine. This time of year, mermaid energy calls to me quite strongly so I wanted a deck that I could use each day to connect and work with them and this deck has proven a perfect choice. It reads wonderfully with messages that are inspiring, healing, helpful, and thought-provoking. My intuition kicks in well with this deck and while the accompanying book is lovely and helpful, I find that my first intuitive "hit" is right on. I read the book message and take it into consideration but it seems that this deck works best intuitively for me. The card stock and card size are done well with the cards being near typical oracle deck size. This deck, for me, is a near perfect package of readability, beauty, and quality.

I love these cards. First off the imagery and art is beautiful, magical and amazing. Each mermaid is detailed and gorgeous. I could stare at them all day long. :) The included guide book is informative and fun. It's actually a nice little paperback book, not a tiny little, useless paper pamphlet like some include. It tells about the magic of mermaids and the ocean. How we all can connect to the mermaids and spirits and voice if the ocean. Very fun and refreshing! This deck gives a fun twist to Oracle readings and mermaids. I am a big fan of mermaids and the ocean so this one spoke to me when I saw it. The second I opened it I was in amazement of its beauty. Oh yeah, it comes packaged in a very sturdy, perfect sized box that is not too big or small. This box is very hard and sturdy and will protect both the cards and book very well. It is a bit bigger than the cards though so they slide around a bit when moved inside the box, but no big issue. The only complaints I have are the size of the card, being a bit bigger, it is difficult for smaller hands. But this is usually typical of Oracle cards I've noticed. Nice, sturdy cardstock that should not bend easy. They seem like they will hold up well. Shuffling would be ok except they have a high gloss coating to them, which for some reason makes them stick pretty bad when shuffling. I don't know if this is just an issue with my deck or the size of my hands, but it is tricky to shuffle. Maybe as I use them more they will shuffle a bit easier. The gloss look does make the cards more beautiful though, so I can overlook that. :) If you want a beautiful, Oracle deck and you love fantasy and or mermaids, I would highly recommend this deck and book set. Also, every reading has really been great and explained a lot and helped answer questions I have had. This is a great deck for thinking about what is going on in your life, etc. Perfect for a quick morning addition to coffee or tea!
