The Book Of Mastery: The Mastery Trilogy: Book I

Synopsis

The first book in channeler Paul Selig's widely anticipated Mastery Trilogy leads you into an unprecedented journey of self-development, at once building your personal excellence and your ability to improve life for others. The channeled literature of Paul Selig -- who receives clairaudient dictation from unseen intellects called the Guides -- has quickly become the most important and celebrated expression of channeling since A Course In Miracles rose to prominence in the 1970s. Selig's three previous books -- I Am the Word, The Book of Love and Creation, and The Book of Knowing and Worth -- have won a growing following around the world for their depth, intimacy, and psychological insight. Now, Selig embarks upon an extraordinary new trilogy on the Teachings of Mastery with his inaugural volume: The Book of Mastery. The Book of Mastery provides a deeply practical prescription for heightening your abilities, aptitudes, and sense of personal excellence. The Guides' teachings go much further, however, instructing you how to improve life for others and, ultimately, for global humanity. As the Guides themselves put it: "We will tell you this: No one who reads these books will be left unchanged. They will be like molecular systems that reinvigorate and realign and reclaim the reader to themselves in their worth, in their identity and, beyond that, in their physical realm. Underline physical realm if you like. Because the physical realm that we teach in is about to go back to the stone ages unless you all get it together."

Customer Reviews

I've read all of Paul's others channeled texts and attended a few of his workshops as well. So yes, I find the work incredibly powerful and beautiful. This text may be my favorite, chock full of goodies such as a few retellings (corrections) of the meanings of Jesus's teachings. The guides takes us on a journey up the mountainside - as we rise higher and higher - seeing the lives we have lived - seeing everything with the eyes of the Christ. And the eyes of the Christ means to see all with the eyes of the Creator, which means seeing the Divine in all. Through several guided passages and decrees, the guides give us the language and the experience of aligning to our Divine Self, so that we no longer are operating as our small self. But instead as our True Selves, "healing the world" through our very emanation and perception of the divine in all. I finished the book with the feeling tone of loving my self as I am without having to do a damn thing. And for me, that is quite unusual. And it feels amazing, frankly. I'm a lover of words, and this experience was like being told the most beautiful, soothing, feel-the-truth-in-my-bones story by divine parents sitting at my bedside. If you identify with being highly intuitive or empathic, you may very well have a visceral experience reading this text. And if you don't, well I'd be curious about your experience as well.

The following transcript was taken from a channeled live stream in December 2015. It really got my attention and I asked the question of myself, do I really align to truth? The truth of who I really am. Am I completely honest with myself and others in my day to day life? (I'm talking radical honesty here.) "Now the Word ascension has been misused by many of you. What it means is to live beyond the known self, the small self, the perpetuated small self to the divine self that seeks to operate as and through you. And in her awakening she calls forward and lifts the physical plane to be in congruence. Do you understand this? The divine self that is the truth of who you are is what does the work here. The small self cannot. She can improve her status. She can do a nice job at this or that, but it is the divine as you, the active principle here who transforms her landscape by holding the vibration of truth and acting upon it. Understand those words please, acting upon it means that the divine as you, in her realization as you, is called into service by her very nature, to claim a new world. But some of you say "I just want to pay the bills." "I don't want to be so sad, or so frightened." Understand these words friends. The divine self as you is never frightened, because she does not

align to fear. The divine self as you has the witness that you seek to live your landscape. And the divine as you who knows her name, I am here, I am here, I am here, is the one who has come to claim the kingdom. The kingdom as we teach it, is the awareness of the divine in all manifestation." I realized that I wasn't applying truth to my life in this way and I was really drawn to read the Book of Mastery and I'm so thankful that I read it. These teachings are truly wonderful, I can state this first hand since applying them in my life. The results began manifesting straight away, you can't ask for more than that. It may not be comfortable at times either, but facing fear isn't. I found the energy these words emit is palpable, I really resonated very strongly with it, and I loved that experience. The Guides say they are with you in support every step of the way, and I found that be true. Once you connect to the Divinity within it is an unstoppable force and the fear subsides more and more. To me this is the path to total freedom. The other thing I love about these teachings is that it is about raising the vibration of the whole planet, NOT just the self. I absolutely loved this book, it is funny at times, direct and to the point and it gives you the tools to have a completely new experience of life. Thank you to Paul Selig for the work you do, it is wonderful.

There is a clarion call coming from within the exquisite text of MASTERY, and it's aliveness beckons and transforms with every turn of the page! This channeled work is NOT a self-help book as the Guides explain. Rather, it is a book to the self, to know the self, and to re-create the self in the highest octave (page 288). With a new song, please welcome the True Self! The Guides say that they do not make us into saints. They also say that this transformation and new song is not about leaving the world; it's about being fully in the world as the True Self, and in honor, not in fear; in joy, not in anger, and in forgiveness, not punishment (page 347). I thank Paul Selig and the Guides for "self" evolving books that never become dated. Truth is eternal! Truth is also infinite! So with love we patiently await presentation and completion of the Trilogy!

I have read the previous 3 books of Paul Selig's and have gained so much from each of them. They are truly inspiring, as well as having exercises to use in our daily lives. I find the interactions they have with Paul, throughout the text, very humorous and great teaching moments- thank you Paul for being that voice! This information has changed my life on many levels, these texts work with us vibrationally as well as through our thoughts. I recommend reading all of them, but as the guides point out; it is not necessary to have read them before starting this one. I have just started reading (2 chapters in) "The Book of Mastery" and I am all ready to climb the mountain with the guides! I am very excited to continue reading it and, as I am reading this aloud with my partner, I am being kept

at a nice pace for integration of this knowledge.

The most brilliant book I have read in a VERY LONG TIME! I started with this based upon a suggestion I read on one of the Spiritually oriented sites on Facebook. I can say that it has changed my thinking and my reactions to life in magnificent ways, and I am only half way through it. As a consequence of the brilliance of the Channeled work, I ordered the first three books by Paul Selig and just received them yesterday. Will review them as well as soon as I read them. Highly, HIGHLY recommend these texts.
