Customer Reviews

This is the best songbook I have ever seen - the vocal lines are kept separate from the keyboard solos.

A must- have for any Eddie Van Halen keyboard fan. Contains full keyboard transcriptions of Eddie's greatest keyboard work. I don't know why "Ain't talkin' 'bout love" is in there, but "Right Now", "1984/Jump", "I'll Wait", "Love walks in", and "Dreams" are a few of my favorites. Not incredibly hard to learn, but absolutely a joy to play, Eddie's keyboard style is one of a kind.

exactly what I was looking for

Pretty good transcripts so far. If you've got a keyboard that will do the right voice, the charts are

dead on and they sound right. So far working on 1984, Jump, and I'll Wait.

Missing a few goodies, but otherwise these transcriptions get the job done. Unlike other pop keyboard transcriptions these do not try to include the vocal line as part of the arrangement making them more authentic to the original recorded versions, however, "Ain't Talkin' Bout Love" ain't no keyboard song. Would have preferred "Feels So Good".

Product as described ... Prompt Delivery!

Will start play soon

Now I can play all this songs with great accuracy, very well written and printed!!!!Thanks for making thus book!
