From Readers' Favorite
Blaze is a seriously entertaining writer who gets the odd and quirky humor kids like, and many fortunate adults somehow still appreciate. Joe's the new kid, but he quickly ends up with a best friend who just happens to be a fox -- one who also has a sense of humor and a predilection for outrageous ideas. Blaze's story reads smoothly and easily. *My Fox Ate My Homework* is most highly recommended. -- Jack Magnus
My Fox Ate My Homework by David Blaze is an ideal book for children from eight to thirteen years old, and would be an excellent addition to any school library. Without doubt, it would result in stimulating and unusual class discussions. The story of Joe (Jonah to Mom) opens with Joe's first day at a new school, and threats from the class bully if he doesn't do his homework for him. Mom is

unmarried and has moved to a dilapidated old house left to her by Joe's Great-Grandma. A debt collector arrives on the doorstep; Great-Grandma had failed to pay her tax, and jobless Mom doesn't have enough money. The only good thing for Joe is that he meets a fox, an extremely unusual fox successfully designed to be irresistible to youngsters. -- Sarah Stuart David
Blaze has done a marvelous job in capturing sentiments and problems that kids face as they grow up. Bullying is one of the themes that is so masterfully developed and it's a common reality in modern schools. The characters are compelling and memorable. The narrative voice is absorbing. I read this book with my seven-year-old son and he developed a lot of sympathy for Joe. I was thrilled when he asked questions, just the way he does whenever I read *The Little Prince* by Antoine de St-Exupéry to him. *My Fox Ate My Homework* is an entertaining and educative read for kids; a grand success. -- Ruffina Oserio

The name David Blaze was envisioned by Timothy David for his son, Zander Blaze, to create a world for him and all children that is fun, safe, enlightening, hilarious, and honest. Wow! That's awesome!

My 10 year old loved this book and will enjoy the next ones as well!

I think my grandchildren will really enjoy this book.....I did!

Jonah (Joe) Johnson is an eleven- year- old whose life has just been turned upside down. His mother lost her job in Orlando so they have moved to his deceased grandmother's old house in rural Alabama. On the first day in school, Joe is confronted by a bully who demands that Joe write his homework assignment. Things go from bad to worse when the tax collector appears and informs them that the property taxes are overdue and the county would be foreclosing. Now they will need to move into his Uncle Mike's house. When Joe goes outside he discovers a fox in the hen house, not any old fox but a talking fox! Joe and Fox become fast friends, but not before Fox causes all sorts of mayhem as Joe desperately tries to think of ways to help his mother, face the bully and maintain his friend relationship with Fox. This fantasy tale is written well with lots of authentic dialogue and humor. Middle- grade students will find lots to love. There are cute cartoon- like drawings of the characters interspersed with the text. Blaze touches on issues important to students in this age group. The tale is an easy read that is under one hundred pages which makes it appealing to reluctant readers. Highly recommended for eight to twelve- year- olds, and adults who are willing to

listen to a talking fox.

Fantastic book for this age group. My granddaughter loved it! I have already bought the next book.

My 7 year old daughter absolutely loved this book. She could not put it down! In her own words "it was funny and the end was great".

My daughter, who is ten years old, reads a book a month and said this was the best book she has ever read. She can't wait for the next book by David Blaze.

A very entertaining book. My 3 yr old granddaughter loves hearing the story and can't wait to hear more. Thank you "David Blaze".

WOW! The two bullies and Fox got Jonah into big trouble but Fox had a part into helping Joe but of a few of these too! I enjoyed this short ebook and for this reason I would like to recommend it for five stars and for those between the ages of 8-12. I received this for free by using KU, now on return, here is my honest review. Super work David! By Angela
