Business Secrets From The Bible: Spiritual Success Strategies For Financial Abundance

Synopsis

Find success in finance, friendships, and spirituality with the advice of a well-known expert. It's safe to say that nearly everyone is seeking a happier, more successful life. So then why do so few attain it? *Business Secrets from the Bible* proposes a new way to view and approach success—one based upon key concepts from the Bible that are actually surprisingly simple. Written especially for those seeking success in the realms of money, relationships, and spirituality, this book encourages listeners to realize their common mistakes, come to terms with them, and turn those mistakes into future triumphs. Filled with concrete advice for improved finances, spirituality, and connection, this resource takes a practical approach and aims to change not just the minds, but the actions of listeners with a self-evident and persuasive pathway. Drawing on his wisdom and knowledge of the Bible, the author reveals the clear link between making money and spirituality, and urges listeners to focus on self-discipline, integrity, and character strength in order to achieve personal prosperity. Special emphasis is given to establishing positive attitudes toward making money and adopting effective Biblically-based strategies. Demonstrates how earnings and profits are God's reward for forming relationships with others and serving them. Stresses the importance of service, sharing, change, leadership, and creating boundaries and structures. Encourages listeners to focus on other people's desires and teaches why and how to make connections with many people. Suggests ways for listeners to transform themselves and continue toward success even in the face of fear and uncertainty. Attaining wealth and well-being is no longer a mystery. Let this book identify and correct the errors that are keeping you from fulfillment and happiness.

Customer Reviews

Rabbi Lapin has a way of challenging the reader to consider simple truths that are hidden in plain sight. Some of my favorite examples so far: My boys and I particularly enjoyed one section where the contributions of Mother Theresa were compared with those of Bill Gates. I won't give away the lessons of that section - I'll let the book do that for you. The lessons about the negative effects of donations is something I've never heard taught anywhere else, and yet the case is made quite convincingly that "giving" doesn't necessarily benefit the receiver the way so many of us assume it does - actually the effect can be devastating in many cases. The lessons on specialization vs. general skills was eye opening. I've always been impressed with people who "know a little bit about many things, but aren't necessarily great at any one thing." Lapin makes a strong Biblical case for specialization however in a way that I'd never considered before. This ISN'T merely a book of common sense. It will likely challenge many of the "common sense" assumptions you have about the "right" way to do business and manage your life and money. The book helped me uncover some bad habits - as well as some habits I was unnecessarily beating myself up over b/c I was unknowingly applying timeless Biblical standards. Admittedly I've only read the first several chapters of this book, but I had to jump on and express how excited I am about Lapin's latest even if I don't read another word (trust me - I'm not stopping here). You won't regret grabbing this one - especially if you appreciated his previous book 'Thou Shall Prosper: Ten Commandments for Making Money' (another winner by Lapin).

The Rabbi has done it again! His new book, *Business Secrets From The Bible* will have you rethinking business, success, and prosperity, and what God really says about these important life subjects. Come with a reasoning mind and be ready for a challenging read as Daniel Lapin uncovers these timeless secrets to success that have been proven for thousands of years (seriously). If you have any, and I mean any, inclinations for higher achievement in any area of your life, then this book comes highly recommended. It's filled with insights and all actionable at that. You won't be disappointed.

If you own a business or just work for someone this book will expand your mind beyond comprehension.. Next to the bible this is one of the best books I've ever read before! It is truly a blessing to understand money and biblical scriptures from the Jewish mindset.. Rabbi Daniel

God bless you for your wisdom, knowledge, and understanding that you have passed along to the Jew and the gentile.. I have a better attitude about money and how I treat my customers!(one of God's children) that I am here to serve...

I am only half way through the book; however I have found the content enlightening, practical truths and very valuable. I plan to share these life principles for success with young people in both formal and informal settings.

Though I wasn't raised Catholic I attended a Catholic school. I believe that it perversely impacted how I felt about money. Specifically that being wealthy was somehow dishonorable. Couple that with the fact that my grandfather, the most honorable man I've ever met, was an ardent socialist, yet ironically a salesman, my perspective on money was completely screwed up. As an attorney, I would squirm asking clients for money. I felt horrible for asking. It was beyond arduous for me and it caused me numerous issues. This book has really changed the way I view money, business and wealth. Having it scripturally relevant caused a far greater impact. This is not modern prosperity gospel, this is, as the author repeatedly states: ancient Jewish wisdom. Further the prosperity gospel is not the anathema I once felt it to be. There are some unnecessary political musings and you'll certainly note that the author is very conservative. I would encourage anyone to read this to understand that business is some of the highest forms of human interaction. We should not ever feel guilty for our successes- they are true blessings.

I feel compelled to write a review noting my appreciation for this book and how it has impacted my life. The truth and wisdom found in these pages have absolutely affected my paradigm and the way that I will do business for the rest of my life. This book represents decades of understanding and is honestly priceless. I am personally purchasing 30 copies to give as gifts to those in my life whom I know will benefit by its work. IF ANYONE IS LOOKING FOR A GOOD SMALL GROUP BOOK... LOOK NO FURTHER! Eternally grateful,- David Stryzewski

If only the business world knew about this, our society would be way better than what it is. We don't have a shortage or poverty in this World; we have a problem with wealth and resource management.

This book is excellent and challenging the way I view business. Based on biblical principles, this is

blowing my thoughts about business out of the water. Exceptional book.
