It has some nice ideas inside. They probably aren't local favorites, but they aren't the obvious choices either. Give it a look if you're headed to Chiang Mai for more than two or three days.

I been living in Chiang Mai for over 6 years now, and this book still have me some good ideas to places I havent explored yet. Well written, easy to read, and with map location for each location. Awesome!

Good to read book giving precise and detailed information about activities and resources in Chang Mai in Northern Thailand. Well worth getting a copy of this book before you go to Chang Mai to get the best out of your visit. Interesting, and some surprises!

This is a really useful guide for anyone coming to Chiang Mai. I live here and know many of the places suggested, but some I do not. So if you are thinking of coming to Chiang Mai and want to see more than the local tuk tuk driver will offer you, buy this!

Nice Ebook. The secrets are nice for new people in Chiang Mai. Some really interesting

things. But I'm still looking for a deeper and more complete book of secrets. This city is amazing and there are hundreds of secret places and activities that I want to find. Good start with this book though.

great book with a lot of detailed info about Chiang Mai. I am from Chiang Mai and even I got surprised with the amount of places I didn't know about. totally worth the read.

We used this book as a guide for dining and entertainment while in Chiang Mai. Some of the tips in here are truly gold when it comes to value for money and taste. Highly recommended if you're going there. (Which you should, by the way :))

This is a great list of items - most of which I didn't do when I was there 10 years ago. Am looking forward to checking out some of these places on my next trip to Chiang Mai.
