Mystery Of The White Lions: Children Of The Sun God

Synopsis

This is Linda Tucker's firsthand account of her journey into the mysteries of the most sacred animal on the African continent: the legendary White Lion. This book reveals the knowledge and ceremonies of Old Africa and the overwhelming love that has driven her every action to save these magnificent beasts, against formidable odds. . . . After being rescued from a life-threatening encounter with lions in the Timbavati game region by a medicine woman known as the "Lion Queen," Linda embarked on a journey into the mysteries of the White Lion. It is a mystical journey into the knowledge and ceremonies of Old Africa, in which humans and lions are able to cross the species barrier in accordance with the most guarded secrets of Ancient Egypt and humankind's greatest riddle, the sphinx. Scientists in our day have established that humankind's most significant evolutionary leap occurred as a result of our ancestors' interaction with great cats. The White Lion is a genetic rarity of *Panthera leo*, and occurred in just one region on earth: Timbavati. Today White Lions form the center of the notorious "canned" trophy hunting industry of hand-reared captive lions, shot in enclosures for gross sums of money. By contrast, shamans believe that killing a "lion sun god" is the ultimate sacrilege. How the human species treats such precious symbols of God in nature may determine how nature treats the human species.

Whether we view them as prophetic "Lions of God" or simply as rare genetic mutations, the story of the White Lions is a true legend unfolding in our own extraordinary times.

Positively gripping. -- Dr. Bob Brain, Paleoanthropologist A fascinating and important piece of work.
-- Colin Wilson Deserves to become an international bestseller. -- Adrian Gilbert,
Archaeoastronomer The Lion Queen Daily Mail Weekend Magazine The lion queen. Chat White
lions are one of Africa's rarest beasts ...But they have a fierce protector in Linda Tucker. The
Independent Reads like a hollywood script. The Independent

Linda Tucker, who resides in South Africa, lived a glamorous lifestyle as a model and then had a
career in marketing until a near-death experience changed the direction of her life. Since then, after
studying lions with African elders for more than ten years, she has gone on to found the Global
White Lion Protection Trust and works to save the white lions.

This is one of the most pivotal and profound books I have ever read. I am deeply and profoundly
touched at my core! It is spiritually profound and provocative. It felt as if I am reading the key pieces
I needed to begin my own Genesis Story and Song of the Stars. It brought me in touch with my own
lion guardians. I thank you from the bottom of my heart for writing this book. I am now reading
Mutwa's books. I am on my own ascension path journey, and you have helped me immensely.
Thank you for all that you do on behalf of the white lions. You touched my soul, and I love you for
that! My fellow lightworker friend!

Without a doubt I was clearly "guided" to find this book...this book touched upon the deepest places
within my soul! I cannot adequately describe the level of resonation I felt for the author and her
connection for the white lions! Linda Tucker does an AMAZING job of connecting so many dots of
ancient and sacred mysteries. It was a book that I had to read slowly, as there was so much to
digest...but it was unbelievably enlightening and fascinating!! I have the utmost respect for Tucker's
commitment to answer her soul's calling and to fulfill the critical role of the "keeper of the lions"! As a
result of her near-death experience of being trapped in the safari in the dead of night, surrounded by
20+ lions who were growling and initially ready to attack, her life's work subsequently
crystalized...and she now is doing the most INCREDIBLE job fervently working to rescue these
beloved and divine beings. The book illuminates the timely significance of why these lions are finally
returning to the planet now, and the specific role they have in helping shift the consciousness of

humankind. I found so much of this book to be profound and absolutely captivating!! This book changed me and I am forever grateful...

This book is an extremely important book in explaining and exploring the reason that these beautiful white lions are here on earth at this point in our history. Linda Tucker is a master storyteller as she interweaves the oral African tradition of passing history down with facts and relevant research about the signs that are here for us to pay attention to as our world is changing during our lifetime. A must read!!!

I found this is a very insightful book which has helped me to greatly expand on the pictures that I have always upheld regarding both wild animals and African Shamanism. Reading it has helped me to put in their place, several pieces, to the great puzzle which is life. I honour you, Linda Tucker, for the enormous work you have done toward the establishment of White Lions in the wild, your courage, and unfailing ability to be led by your own observation and experience in coming to insightful conclusions. I strongly recommend this book to anyone who has a heart and an interest in mystical enquiry.

great book on a subject we all need to know about - how we mistreat and abuse our fellow earthlings - in this case the horrible reality of "canned" trophy hunting of white lions where they are bred and raised to be killed by high paying customers. If you care at all about the fate of this earth and all of us that depend on it, we have to change our arrogant and destructive way of dealing with "the environment" and all animals including us. This is a wakeup call!

I couldn't put the book down. I really didn't know what to expect when beginning it as it had been recommended by a shaman friend of mine. I was thrilled when I got into it, and then so dismayed that the lions, especially the white lions are in no way protected. I do believe as Tucker does that they are sacred and must be protected in every way possible. We must save them if we really want to save mankind!

The shamanic significance of this book is very important, and the White lions a treasure I had never considered. I've talked about it with friends and even gifted a couple friends with it. I consider this an important book.

I found this book to be fascinating, heartbreaking, intriguing and it gives us a lot to think about how we treat animals and the consequences to our planet! Can't wait to go and visit.
