Taking Sides: Revolutionary Solidarity And The Poverty Of Liberalism

Synopsis

"Taking Sides" is more than a book; it's a politic aimed at the heart of every radical struggling against a racist state." —Luis A. Fernandez, author of Policing Dissent
"Taking Sides" is a critical response to divisive debates within current movements against police violence and white supremacy, especially since Michael Brown's murder. These sharp interventions ask activists to avoid easy and safe answers and take on the hard work of building real grassroots solidarity across racial lines. Cindy Milstein is author of Anarchism and Its Aspirations. Her essays appeared in Realizing the Impossible, Confronting Capitalism, and Globalize Liberation.

Customer Reviews

A timely response to the Black Lives Matter movement, this brilliant anthology of thirteen essays sharply tackles the liberal reformist agenda of the nonviolent "peace police" and the policy wonks of the nonprofit-industrial-complex who are trying to destroy the militancy of this movement with their counterinsurgency tactics of pacification, "ally politics", and electioneering. Challenging the nonliberatory praxis of these liberal Democrats and nonprofit professionals, this book calls for a radical response to racialized police brutality that is nonhierarchical, anti-capitalist, revolutionary, and intersectional. As the class war intensifies, I hope that activists will read this book and abandon the dead end strategies of the nonprofit-industrial-complex, the Democratic Party, and the Greens.
