This was my first time using a Frommer guide. I usually use DK Eyewitness travel but there wasn't one for Atlanta. While this book was very good, I do like the DK travel books better.

Book is what I expected. Service prompt.

I love it.. easy to read, fun to interact with and it is gonna be great when i get there. I really do love it!

The online version's maps were unreadable and useless. I would only consider the hard copy in the future. Even then, it was informative of only the standard tourist attractions. OK if you don't mind being part of the herd.

I needed a quick overview of Atlanta as I was to travel to the city and serve as a host at a special event to foreign guests. This book was helpful to me for selecting hotels, orienting myself to transportation modes, and learning about points of interest. It includes maps and the format is easy to use. The book had answers to all of my questions and aided in making my trip smooth and enjoyable!

Excellent guide very helpful for our recent trip to Atlanta.

Another good guide from the Frommer stable. Atlanta was never my city of choice, but it happens to be halfway between two points. Now I know where to go and what to do, and how long to spend in this city.

I recently purchase this book for my Kindle. I am short to be traveling to Atlanta and it will help a hole lot. It gives me hints and maps to the city. I would recommend this book to anyone going to travel to Atlanta.
