Little Oxford English Dictionary

Synopsis

This is a major new edition of the Little Oxford English Dictionary, offering the most accurate and up-to-date coverage of essential, everyday vocabulary. Based on evidence from the Oxford English Corpus, a unique databank with hundreds of millions of words of English, it provides a fresh selection of 90,000 words, phrases, and definitions. Definitions are given in a clear, simple style, avoiding technical language, and are easier to understand than ever before, and there are hundreds of notes on spelling and grammar to help you get it right. A brand-new Factfinder center section gives easy access to information on topics such as countries and their capitals, kings and queens, and weights and measures, as well as help with spelling and punctuation. A new, clear design makes the Little Oxford English Dictionary easy to use, and ideal for use at school, at home, and in the office. Find out more about our living language using Oxford Dictionaries Online. Hear how words are spoken with thousands of audio pronunciations, and access over 1.9 million real English example sentences to see how words are used in context. Improve your confidence in writing with helpful grammar and punctuation guides, full thesaurus information, style and usage help, and much more. Discover more on oxforddictionaries.com, Oxford's hub for dictionaries and language reference.

ISBN-10: 0198614381

ISBN-13: 978-0198614388

Product Dimensions: 6.2 x 2 x 4.5 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 19 customer reviews

Best Sellers Rank: #131,891 in Books (See Top 100 in Books) #83 in [Books > Reference > Dictionaries & Thesauruses > English](#) #150 in [Books > Christian Books & Bibles > Theology > Salvation Theory](#) #232 in [Books > Textbooks > Reference > Dictionaries](#)

Customer Reviews

Angus Stevenson is a Project Editor for English Dictionaries at OUP. --This text refers to an out of print or unavailable edition of this title.

I purchased one edition of this dictionary while traveling in Europe. I loved that one to death. When the binding broke - I tried to get another one. This dictionary is a bit condescending. The paper is low quality and the print is large and a bit faded. Not all the words have pronunciation guides with the international phonetic alphabet. It has dumb little usage hints in it, and I swear it has few words that are unknown to me. However, when reading Dirk Gently's Holistic Detective Agency, I did find some new words, which I thought was not surprising, and slightly redeeming. The good things about this dictionary: it is a nice size, and has a decent binding, it is a real book. Looking at my old one, however, this dictionary isn't an adequate replacement. I need to find a good book binder to repair it. ;)

It is since the revised seventh edition that I've been using this dictionary. I replaced my old Harrap's Pocket Dictionary that I had been using until its demise. As a learner of English I always need a dictionary in my bag while I'm travelling and reading magazines, both of which I do daily. I've found the seventh and eighth editions pretty good, so I have ordered the ninth one too and am waiting for its arrival which is due in the early days of August. As I see it, the new edition is a couple of pages longer than the previous edition. These books don't have long lifetimes with me. They last for 2 to 4 years. They literally fall apart after that time. It starts with the spine, then goes on to the cover pages (these things you can mend with duct tape) and at last the contagion spreads to the "a" section of the dictionary (unfortunately, in spite of being a hardcover book, its pages are only glued together and not bound with thread). Something more about the contents: The seventh edition still had the pronunciation guide with every single word using the International Phonetic Alphabet. Since the eighth edition this feature disappeared and was replaced by the almost random but very rare pronunciation guides (using the dictionary's own phonetic system) where the authors think that they are needed, however, quite often they are not available for words I would need them with and available with ones I don't know why they bothered with. On the other hand, the selection of words in the dictionary is excellent, I have to use the WAP dictionaries quite rarely to check words not in the dictionary. Still, at home I never use this dictionary. In the first round I use some advanced learner's dictionary (Oxford, Macmillan, Longman, Cambridge) or with rare words the Chambers Dictionary or the American Heritage Dictionary. I prefer advanced learner's dictionaries for all the extra information they give about the usage of words. On the last pages of the eighth edition there is a Supplement with such useful sections such as Commonly Misspelled Words (or confused word-pairs), Countries (with adjectival forms and currency names), Weights and Measures, Symbols, etc. You rarely use these pages, but they come handy occasionally. All in all, in my opinion

this dictionary can be recommended to those on the move. It is worth the price and doesn't take up too much space even in a (sizeable) hand bag.

This the the second of this particular size I have purchased. I will look for more as gifts, especially at graduation time. It's a perfect size and fits in the hands nicely -- great for bedside or backpack or workstation. My dream is to eventually own the multi-volume print version of the OED, but this is a "little" start in that direction!

I keep this dictionary by my reading table (because of it's size and convenience) to look up what I consider unusual or difficult words and almost all of the words I needed to check were not in the dictionary. What kind of dictionary is that? So it is disappointing to me.

AWESOME little book! :-)

This compact little dictionary has found a place on my busy desk and is a great help in finding words and spelling. My age is causing memory lapses and is such a handy assistance in solving these problems!

great product as expected

A must have for any serious college student who needs a good dictionary or is thinking of becoming a english major. It is also the right size to carry with you in your backpack for quick reference.
