Buy The Rules and just be your Christian self, remembering your morals and values. Save sex for marriage and share worship together. In The Rules it talks about being a creature like no other - well, God made you like no other! That shouldn't be hard to do! Be busy in your Church. Have

interests that would make you a good help-mate and good room-mate. Stay in shape. Cook for yourself. Stay current so you can discuss events, you don't have to have a Ph.D. You don't have to play hard to get, you ARE hard to get. Where to differ from The Rules - DO NOT DATE TO PRACTICE. DATE WITH PURPOSE. Have an active prayer life; pray for your Boaz; pray for God to lead you into his field. Ask God to lead you into your purpose and to ready you for your mate so you can be ready when your Boaz is ready. The Rules has the same information just more in depth but you need to put Christ into it. This book, while well meaning, is a watered down version of The Rules. Buy The Rules and remember to look for God in a man, only date with a purpose and save your sexuality for marriage. Busy yourself with being healthy in all ways, healthy in Church and you will shine plenty for who God has planned for you. Read The Rules and pray for your future husband.

I LOVE, LOVE, LOVE this book. One of my favorite books to give to young women graduating from high school or college. This book is perfectly written to help young women that are looking for Mr. Right and want to find him the "right way" a way that is honoring to the purpose that God has in mind for each young woman. Michelle McKinney Hammond is very up front about women making sure that instead of chasing after Mr. Right- they first need to be sure they are healthy and going forward into the purpose that God has for them. It's important for women to be aware that God has a plan for them and instead of making "getting married" the most important thing, it's important for each woman to listen to God and realize what purpose God has made them for. She's very clear that God is not going to put a HUGE heart and longing for something in you that will not be matched and match up with the longings and desires of your intended.

No lie, while reading this book and met my husband and knew he was the one because of how ironically well everything went. From minding my own business to how a guy should treat you, it all just fell into place. Great book you'll find a keeper with her help!

Awesome Book!!! This book is the book I've searched all over for. I love the way the author broke the chapters down. She shared the spiritual side of being in a relationship, how to conduct yourself as a Principles Woman (Virtuous Woman), understanding men behaviors, and the key to having a more abundant life with God and a relationship. This book taught me the real meaning of: Seek ye first the kingdom of Heaven and ALL of his righteousness will be added unto you.

For all the single ladies out there - before you accept another date from a potential male keeper - read on... and women with children (little girls) this book is a definite treasure to be handed down from generation to generation. The author realizes it's just not enough to give advice on dating in the 20th century - 21st century women have to put on the armor of GOD - because it's a battlefield out there and we must have the proper spiritual attire to be successful at love. Who better to advise you about the intricacies of such an important decision in your life other than the MASTER Planner Himself! - My GOD! Michelle McKinney Hammond is very much in touch. She quotes scripture (the word of GOD) to drive her perspectives on dating home; tirelessly point by point. Wait a minute - GOD's perspective /His plan after he created the first woman from Adam's rib. Here's to a divine awakening!! Cheers!!!! Thank you for this eye-opening; super-rich experience! Mwaahh!!

This book is the best. I read this book and said the prayers. I cleaned by basket of male friends and old boyfriends and got rid of my old cell phone number. I needed a change and this book showed me what I was doing wrong. I could not understand why, if man and women are suppose to be together, why was it so hard. I took my concerns to the Lord in prayer and read this book. It was then clear to me God's plan and man and woman's role. It didn't take long and God Blessed me with my Sole Mate! We've been together 5 years now and we still thank God everyday for bringing us together. My husband is my Angel!! gave a copy of this book to my daughters and I will give this book to every young woman that comes my way. Thank you Michelle. I thank God for you and your book!

This is a very well written book. I first heard about it from one of my friends - who received it as a gift from one of her friends. I read this book and also read Don't Be Yourself Be A Better Person. With the information in both books, and after taking a break from dating, I am now ready to date again.

In reading this book, I experienced many revelations about how I truly saw myself! I would definitely recommend this book mainly because my spirit agrees with what is written and God knows I want His definition of a marriage and not what the world shows us. I'm on a mission to be the best me that I can be and this book is a gentle guide in that direction.
