Customer Reviews

The tale of four London children who step through their wardrobe. --This text refers to an out of print or unavailable edition of this title.

Narnia ... the land beyond the wardrobe, the secret country known only to Peter, Susan, Edmund, and Lucy ... the place where the adventure begins. Lucy is the first to find the secret of the wardrobe

in the professor's mysterious old house. At first, no one believes her when she tells of her adventures in the land of Narnia. But soon Edmund and then Peter and Susan discover the Magic and meet Aslan, the Great Lion, for themselves. In the blink of an eye, their lives are changed forever. This Spanish language edition of *The Lion, the Witch and the Wardrobe* will include a movie still cover and a full-color movie still insert.

A friend's daughter needed to do some summer reading while she was in the USA & this book was on her list. It was hard to find Spanish language books locally—even in the metro NYC area. It arrived on time & was finished in record time. Great classic book & much better than the movie. The seller ships super fast and the book has decent sized typeface that is easy to read for kids and def will not strain their eyes! I do a lot of reviews so here is a breakdown on how I determine my star rating of a product: 5 stars - I love it! It is awesome and I highly recommend everyone to purchase this product! 4 stars - I like it, but there are some flaws but I would purchase again. 3 stars - It was okay, but I would probably not buy it again unless there are no other options. 2 stars - There may be worse products out there, but you can definitely find something better. 1 star - I dislike the product, I wish I had not purchased it and will not recommend the product to others. If my review was helpful, I would appreciate your feedback by clicking the 'Yes' button below. Thanks!

I bought this book in order to learn Spanish. (I chose this title because I've read it in English about 100 times.) The translation was excellent: the prose was vivid and the Spanish was kept at the same reading level as the English original. The compelling story kept my interest even though I had to slog through with a dictionary and a grammar reference at first. By the end of the book I was just reading, only using the dictionary occasionally. It's a wonderful story, a great translation, and thus an excellent learning tool.

My daughter is in Spanish Immersion and is required to read a Spanish book. Since I don't speak Spanish it is hard to help pick out a book. I decided on this book based on her interest in the title and reviews. It has been a great book for her to read that provides just enough of a challenge for her. She usually doesn't like reading in Spanish because it is often English written books poorly translated into Spanish, but she says this is well written Spanish.

Daughter is learning Spanish and wanted literature to practice with. She's completed 3 years, and

some of this would be beyond her, but she knows the story, and so can figure most of it out.

This was a gift for a middle school Spanish teacher so she could present it to the class.

Me encanta esta historia! Está bellamente narrado.

A great book for intermediate Spanish students. Easy enough to get through, hard enough to be challenging. I've read the book before in English, but not recently, so I was pleased to notice things in my Spanish read-through that I hadn't noticed in English.

Great!!
