Age Range: 1 - 3 years

Grade Level: Preschool and up

## Customer Reviews

Roger Priddy left school at 16 with just one qualification in art. He went to Berkshire College of Art and Design and trained as an illustrator. His first job in children's books was working with the publisher Peter Usborne, at Usborne Publishing, and then he worked with Peter Kindersley at Dorling Kindersley, where he spent 16 years. Priddy became Creative Director of DK's Children's Division and was Managing Director of the children's mass market publisher Funfax when it was acquired by DK. In 2000, he created Priddy Books with John Sargent at St Martin's Press to create innovative and imaginative titles for children, from first books for babies through early reference titles for older children. Since then, over 30 million copies of Roger's 200 plus books have sold worldwide, with five of his books: My Big Animal, My Big Truck, Happy Baby Words, Happy Baby Colors and Puppy and Friends each selling over one million copies. He is also the author of Big Board First 100 Words; Big Board Books Colors, ABC, Numbers; and Bright Baby Noisy Monsters. His creativity has been recognized with numerous industry awards. Priddy lives in

London with his wife Zena and their four children.

This book is great! Not only does it have the colors in English and Spanish, but also examples with their names in English and Spanish. I originally bought the Animales and the Colores book but now that I have them both I think I could have gone with just the Colores, since it includes lots of animals in it as well. Nice vibrant pictures and colors.

My granddaughter is being raised bilingually and I love finding books that will correctly translate both English and Spanish. This book is bright and colorful, so it appeals to her. What a wonderful way to help her learn her colors!

Cute book except the brown in Spanish is labeled "morado" which actually means purple. I just crossed it out and wrote over it.

Was disappointed that this book has a lot of repeated pages from the "First Words" book by Roger Priddy. It just seems so offensively lazy! How hard is it to come up with a few other words that aren't in other books?!

This is a great bilingual colors board book! My little one loves it. I think the fact that they use real pictures, as opposed to cartoon drawings, is the biggest attraction for her. We soon found that we could call out a color in either Spanish or English and our 1 year old would turn to the correct page and point. That shows me that it held her interest and she has learned from it. I think it's simplicity is why it really works. Little children need to start off with simple books with uncluttered pages. With a single object per page they get to see the item in all its detail, without being confused by multiple items. It's a great learning tool to add to your collection. We have most certainly gotten our money's worth. I highly recommend it.

Baby loves these books, we have all 3 minus the trucks one. The only thing I have an issue with is the fact that they don't use feminine words or singular words to match the colors. For example, 'morado' and 'uvas'... If you don't know Spanish and you're reading this, then you're saying 'uvas morado', which should be 'uvas moradas'. Why could they just use a word like 'libro'? Better yet, add both words in the singular, 'morado' and 'morada', and pick items that match, such as 'vestido' and 'blusa'.

We own all four books in this collection. We are a bilingual household and these books are a great tool for building vocabulary for our son. He loves to look at the pictures and point at them and wait for me to say the word. He is one now but we have been reading them since he was 5 or 6 months old. He can look at the pages of these books for an hour. It's amazing how engaged he can be with these little books. They have one picture per page. Very simple, just the picture of the object and the words written below. The pages are not super busy like other picture books that have tons of objects per page. I believe this is highly effective in keeping my baby engaged.

Sturdy cardboard book. Brilliant colors, just right for one of the first books for your young toddler.
