Clean Getaway (Squeaky Clean Mysteries Book 13)

Synopsis

Gabby St. Claire Thomas has been given the opportunity of a lifetime: heading up a privately funded Cold Case Squad and handpicking the team members. Persnickety Evie Manson and nerdy Sherman Gilbert join forces with Gabby to bring justice and solace to families who still want answers. On their first case, the Squad discovers that the murders of Ron and Margie Simmons are more than cold—they're frozen solid. The couple's anniversary celebration ended as a double homicide, and ten years later their daughter still longs for answers. But who would kill the loving couple? What kind of secrets hid beneath their cheery, All-American exteriors? With every new lead, someone tries to sabotage their investigation . . . but the team might just end up being their own worst enemies. As a deadline presses in, can Gabby and her Squad bring the heat? Or will this cold-case killer make a clean getaway?

Customer Reviews

The author never disappoints me. I always look forward to reading the next new release. This book is a continuation to other squeaky clean novels. In this one is about Gabby is heading up a cold case team. This first cold case is about a woman whose parents were killed. The crime was never solved until Gabby gets there

I have read every book in this series and find myself looking forward reading to the next one. They are fun to read; you will find yourself laughing out loud. Great clean fun reading. You can't go wrong

While I'd like to have seen more of Riley because I truly like his character, this was another wonderful addition to one of my favorite series:)

Christy Barritt hit the ball out of the park AGAIN! Gabby is still a wonderful character and I thoroughly enjoyed this book!

Excellent Book. Really enjoyed this one. The main problem is that there is not a Book 14 yet.

Suspenseful, very well written, liked interaction with the other investigators. Sounds like they might be in another story. Thanks Christy for no vulgarity. Looking forward to more.

I love her stories

Another great book by Christy Barritt.
