## Customer Reviews

Exciting and well put together. "Minecraft: Star Wars: "The Jedi Path" : The Epic Space Saga Retold in Minecraft Story Mode (Episode Book 1)" by Ender King is a wild tale and great adventure. Vader, lightsabers, Deathstar, it's all here. Love the great illustrations. Had a great time with this. Recommended. Five stars.

I couldn't put my tablet down. I have read this book twice already. Ender king is absolutely amazing in the way he got me involved and outwardly supporting my favorite characters while missing a heartbeat when they are in danger. I love the mystery and suspense. Cheers man!!

The book was OK but should've had more to it. I would rate it five stars but it's WAY too short.

A good one if not too short, my son a 7-year-old hard-core Star-war fan read it again and again :-)

Thanks

Great read and very interesting to see some Star Wars and Minecraft elements mixed together. Long-time fan of Minecraft and Star Wars, putting them together made this really special for me. Ender King definitely outdid themselves with this one. I highly recommend it for everyone.

Ender King once again delivers an entertaining and engaging Minecraft book, this time crossing over into the Star Wars franchise. Minecraft: Star Wars: "The Jedi Path": The Epic Space Saga Retold in Minecraft Story Mode, is a brilliant read for any Minecraft and Star Wars fan. I'm a huge fan of both Star Wars and Minecraft, and when I heard that Ender King would be crossing the two I had to purchase this book. I read from the very start to the very finish in one reading session. It does not fail to deliver. Proving to be another worthy addition to the Minecraft universe, this particular book focusses on the story of Jedi Warriors. The book features various popular characters from the Star Wars franchise, and proves to be the ultimate book for any Minecraft fan. With each new book Ender King proves to be one of the best Minecraft writers, delivering above expectations every time. He manages to bring every story to life with comical illustrations and intriguing storylines. I highly recommend this one.

Another must read for Minecraft series lovers. Awesome story and characters. The way the story moves makes us feel as if we are travelling with Jesse and his friends through the galaxy. Very innovative way to narrate a star war. Cheers to the author for it.

Anyone familiar with Minecraft mini-stories will agree that this one definitely stands out, it is based closely around the popular Star Wars concepts of Jedi Warriors and their light sabers. Had a great time reading this, the writer has nicely portrayed the catchy storyline and a very euphoric experience once you get to know the characters. Not a big star wars fan but I absolutely loved the book, it's a must have for everyone crazy about minecraft.
