A Widow's Journey: Reflections On Walking Alone

Synopsis

Have you recently lost your husband? Are there days when you feel so terribly alone—and that no one else could possibly understand? Author Gayle Roper understands. As a recent widow herself, Gayle writes: So who am I now that there's only one place at the table...one pillow with a head dent, one damp towel after a shower. There's only one toothbrush in the holder. The seat is never left up anymore. I can still write Mrs. in front of my name, but I'm no longer in a marriage relationship. You need two people for a marriage and there's only me. Is there only you? Then join Gayle as she draws on her emotions during the loss of her beloved husband, Chuck, and offers you a compassionate devotional to encourage you through your darkest days. Gayle knows a widow's pain is deep. But she also knows God's love is deeper still. And it's in His love you'll find your deepest comfort.

Gayle Roper is the award-winning author of more than 40 books whose life was turned upside down when her much-loved husband, Chuck dies. One way she dealt with her pain was to write it. She lives in Southeast Pennsylvania in the middle of Amish country.

I am so grateful that I found Gayle Roper's account of her journey into widowhood. I have read and re-read it several times. I use it as a reference for those days that I cannot explain my emotions. I have recommended it to three friends who are recent widows. Her insight has made me realize that 'I am not losing my mind.' It is for everyone who has lost the love of their life. As she states. None of us asked to join this club. Thank you Gayle for bringing my sanity back.

This is the best book I have read for widows. My husband passed away a year ago and everything she described in the book I am experiencing . It helps so much to know that I am not the only one that has felt all these emotions. Even now when I need a reality check, I go back and reread portions of the book.

I have just lost my husband and a friend recommended this book. It is as if Gayle Roper is reading my mind! It is exactly what I needed to hear, may not wanted to hear, but NEEDED to hear. I have recommended this book to many persons.

This book was recommended to me by a friend who lost her husband several years ago ... I just lost mine, the love of my life, two months ago. I can't adequately express just how very helpful this book was. Gail Roper nailed my thoughts, my heartache, my concerns, all of it! And it turns out, we lived within miles of each other for years! I wish she would do a sequel!

Beautiful book. Bought as a gift for my mom. Some, easy read. Not too overwhelming.

One of the better books I found in helping to deal with grief..

Excellent. I couldn't believe that I was not the only one that had these feelings. I could easily have written these same words

This book has been a great comfort and thought provoking as I make the transition from married for 40 years to widow. Thank you for writing this book. My only regret is that I finished it.
