A Plant-Based Life: Your Complete Guide To Great Food, Radiant Health, Boundless Energy, And A Better Body

Synopsis

More people than ever are eating a whole-food, plant-based diet. Studies show that it is better for our bodies and better for the planet--but it isn't always easy. Let *A Plant-Based Life* be your guide. Whether you're taking your first steps on this path to wellness or recommitting yourself to success, author Micaela Cook Karlsen clearly maps the way. Her program enables you to set your own pace and stay the course--without relying on willpower. Drawing on personal experience and the latest research, she reveals how to:

- Find and sustain your motivation
- Gradually add more whole, plant foods into your diet, crowding out less nutritious fare
- Break old food addictions and establish new habits
- Translate favorite recipes to create delicious, nourishing meals
- Reshape your food environment (at home, at work, and on the go) to make healthy eating a no-brainer
- Cultivate relationships that celebrate and support your new lifestyle

Especially valuable are directions for navigating roadblocks. Here you'll find strategies for getting family members on board and for allaying friends' concerns about your food choices with evidence-based nutrition information. Take advantage of shopping tips, pantry lists, menu plans, and more than 100 mouth watering recipes, with contributions from plant-based leaders including Ann Crile Esselstyn, Cathy Fisher, Chef AJ, Craig Cochran, Chef De Sroufe, Jeff Novick RD, Julieanna Hever MS RD CPT, Kathy Pollard MS, Kris Carr, Matthew Kenney, Matthew Lederman, MD, Micah Risk, Priscilla Timberlake and Lewis Freedman RD, Robby Barbaro, and Susan Benigas. If your goal is a healthier, more energized--exuberant--life, make this book your personal GPS. The journey will be more satisfying than you ever imagined.

"You'll be fascinated by the benefits of leading a plant-based life|pick up a copy of her new book to learn more." --Urban Suburban Mommy

Whole food for a whole new you. More people than ever are eating a whole-food, plant-based diet. Studies show that it is better for our bodies and better for the planet •but it isn't always easy. Let A Plant-Based Life be your guide. Whether you're taking your first steps on this path to wellness or recommitting yourself to success, author Micaela Cook Karlsen

clearly maps the way. Her program enables you to set your own pace and stay the course—without relying on willpower. Drawing on personal experience and the latest research, she reveals how to:

- Find and sustain your motivation
- Gradually add more whole, plant foods into your diet, crowding out less nutritious fare
- Break old food addictions and establish new habits
- Translate favorite recipes to create delicious, nourishing meals
- Reshape your food environment (at home, at work, and on the go) to make healthy eating a no-brainer
- Cultivate relationships that celebrate and support your new lifestyle

Especially valuable are directions for navigating roadblocks. Here you'll find strategies for getting family members on board and for allaying friends' concerns about your food choices with evidence-based nutrition information. Take advantage of shopping tips, pantry lists, menu plans, and more than 100 mouth watering recipes, with contributions from plant-based leaders including Ann Crile Esselstyn, Cathy Fisher, Chef AJ, Craig Cochran, Chef Del Sroufe, Jeff Novick RD, Julieanna Hever MS RD CPT, Kathy Pollard MS, Kris Carr, Matthew Kenney, Matthew Lederman, MD, Micah Risk, Priscilla Timberlake and Lewis Freedman RD, Robby Barbaro, and Susan Benigas. If your goal is a healthier, more energized—exuberant—life, make this book your personal GPS. The journey will be more satisfying than you ever imagined.

I really enjoyed reading this book, and it inspired me to add more whole foods to my life (I was already following a plant-based diet). The writing style is very readable; it also helped me understand the basic science behind the many lifestyle diseases that are our top killers - and how to prevent them. I also love the different speeds at which you can choose to make the changes, and the practical tips on how to implement them. The recipes at the end of the book have been great! I've already tried several, and they've all been delicious - especially the Rescue Quinoa and the "Basket of Jewels with Walnut Sauce!"

As a practicing internal medicine physician and longtime director of a weight-management program, I am thrilled to recommend this book to my patients and my friends. Practical, evidence-based, and easy to read, *A Plant-Based Life* fills an important gap: you want to eat more healthfully, but you don't know how to get there. Micaela Karlsen expertly guides you through steps to change your behavior and meet your goals, realistically and sustainably. This book is a triumph!

A good basic vegan cookbook for the inexperienced home cook. The recipes could have been a bit

more elaborate

I love this book and you will too if you are shifting to a plant based diet.

I love this book so far! I will write a more complete review when I finish it.

this book has some really good recipes

good book arrived on time, in good condition

Everything great.
